UNDERSTANDING YOUR COVERAGE

As *you* read the *certificate*, *you* will see some words are printed in italics. Italicized words may have different meanings in the *certificate* than in general. Please check the "Glossary" section for the meaning of the italicized words as they apply to *your* plan.

The *certificate* gives *you* information about *your* plan. It tells *you* what is covered and what is not covered. It also tells *you* what *you* must do and how much *you* must pay for services. *Your* plan covers many services, but it is important to remember it has limits. Be sure to read *your certificate* carefully before using *your* benefits.

H202000 11/12

Covered and non-covered expenses

We will provide coverage for services, equipment and supplies that are *covered expenses*. All requirements of the *master group contract* apply to *covered expenses*.

The date used on the bill we receive for *covered expenses* or the date confirmed in *your* medical records is the date that will be used when *your* claim is processed to determine the benefit period.

You must pay the health care provider any amount due that *we* do not pay. Not all services and supplies are a *covered expense*, even when they are ordered by a *health care practitioner*.

Refer to the "Schedule of Benefits," the "Covered Expenses" and the "Limitations and Exclusions" sections and any rider or amendment attached to the *certificate* to determine when services or supplies are *covered expenses* or not covered.

H202100GA 11/12

How your master group contract works

You may have to pay a *deductible* before *we* pay for certain *covered expenses*. If a *deductible* applies, and it is met, *we* will pay *covered expenses* at the *coinsurance* amount. Refer to the "Schedule of Benefits" to see when the *deductible* applies and the *coinsurance* amount *we* pay. *You* will be responsible for the *coinsurance* amount *we* do not pay.

If an *out-of-pocket limit* applies, and it is met, *we* will pay *covered expenses* at 100% the rest of the year, subject to the *maximum allowable fee*.

Our payment for *covered expenses* is calculated by applying any *deductible* and *coinsurance* to the net charges. "Net charges" means the total amount billed by the provider, less any amounts such as:

- Those negotiated by contract, directly or indirectly, between *us* and the provider;
- Those in excess of the *maximum allowable fee*; or
- Adjustments related to *our* claims processing edits.

UNDERSTANDING YOUR COVERAGE (continued)

The service and diagnostic information submitted on the provider's bill will be used to determine which provision of the "Schedule of Benefits" applies.

H202150 11/12

Your choice of providers affects your benefits

We may appoint certain *network providers* for certain kinds of services. If *you* do not see the appointed *network provider* for these services, we may pay less.

We will pay a lower percentage if *you* see a *non-network provider*. The amount *you* pay will be higher. *Non-network providers* have not signed an agreement with *us* for lower costs for services and they may bill *you* for any amount over the *maximum allowable fee*. *You* will have to pay this amount and any *copayment*, *deductible* and *coinsurance* to the *non-network provider*. Any amount *you* pay over the *maximum allowable fee* will not apply to *your deductible* or any *out-of-pocket limit*.

Some *non-network providers* work with *network hospitals*. We will pay *non-network* pathologists, anesthesiologists, radiologists, and emergency room physicians working with a *network hospital* at the *network provider* benefit level. However, *you* may still have to pay these *non-network providers* any amount over the *maximum allowable fee*. If possible, *you* may want to check if all health care providers working with *network hospitals* are *network providers*.

Refer to the "Schedule of Benefits" sections to see what *your network provider* and *non-network provider* benefits are.

H202400 11/12

Claims processing edits

Payment of *covered expenses* for services rendered by a provider is also subject to *our* claims processing edits, as determined by *us*. The amount determined to be payable under *our* claims processing edits depends on the existence and interaction of several factors. Because the mix of these factors may be different for every claim, the amount paid for a *covered expense* may vary depending on the circumstances. Accordingly, it is not feasible to provide an exhaustive description of the claims processing edits that will be used to determine the amount payable for a *covered expense*, but examples of the most commonly used factors are:

- The intensity and complexity of a service;
- Whether a service is one of multiple services performed at the same service session such that the cost of the service to the provider is less than if the service had been provided in a separate service session. For example:
 - Two or more *surgeries* occurring at the same service session that do not require two preparation times; or
 - Two or more radiologic imaging views performed on the same body part;

UNDERSTANDING YOUR COVERAGE (continued)

- Whether an assistant surgeon, physician assistant, registered nurse, certified operating room technician or any other health care professional who is billing independently is involved;
- When a charge includes more than one claim line, whether any service is part of or incidental to the primary service that was provided, or if these services cannot be performed together;
- If the service is reasonably expected to be provided for the diagnosis reported;
- Whether a service was performed specifically for *you*; and/or
- Whether services can be billed as a complete set of services under one billing code.

We develop *our* claims processing edits in *our* sole discretion based on *our* review of one or more of the following sources, including but not limited to:

- *Medicare* laws, regulations, manuals and other related guidance;
- Appropriate billing practices;
- National Uniform Billing Committee (NUBC);
- American Medical Association (AMA)/Current Procedural Technology (CPT);
- UB-04 Data Specifications Manual;
- International Classification of Diseases of the U.S. Department of Health and Human Services and the Diagnostic and Statistical Manual of Mental Disorders;
- Medical and surgical specialty certification boards;
- *Our* medical coverage policies; and/or
- Generally accepted standards of medical, behavioral health and dental practice based on credible scientific evidence recognized in published peer reviewed medical or dental literature.

Changes to any one of the sources may or may not lead *us* to modify current or adopt new claims processing edits.

Subject to applicable law, *non-network providers* may bill *you* for any amount *we* do not pay even if such amount exceeds these claims processing edits. Any amount that exceeds the claims processing edits paid by *you* will not apply to *your deductible* or any *out-of-pocket limit*. *You* will also be responsible for any applicable *deductible*, *copayment*, or *coinsurance*.

Your provider may access *our* claims processing edits and *our* medical coverage policies at the provider link on *our* website at www.humana.com. *You* or *your* provider may also call *our* toll-free customer service number listed on *your* ID card to obtain a copy of a policy. *You* should discuss these policies and their availability with any *non-network provider* that *you* choose to use prior to receiving any services from them.

How to find a network provider

You may find a list of *network providers* at www.humana.com. This list is subject to change but is updated at least every 30 days. Please check this list before receiving services from a provider. You may also call *our* customer service department at the number listed on *your* ID card to determine if a provider is a *network provider*, or we can send the list to *you*. A *network provider* can only be confirmed by *us*.

How to use your point of service (POS) plan

You may receive services from a *network provider* or *non-network provider* with *your* POS plan without a referral from *your primary care physician*. Refer to the "Schedule of Benefits" for any *preauthorization* requirements.

Seeing a specialist

You should discuss all of your medical needs with your primary care physician. If you and your primary care physician determine you need to see a specialty care physician, your primary care physician may recommend one.

H202800GA 09/06

Seeking emergency care

If you need emergency care:

- *Go to the nearest network hospital emergency room; or*
- *Find the nearest hospital emergency room if your condition does not allow you to go to a network hospital.*

You, or someone on your behalf, must call us within 48 hours after your admission to a non-network hospital for emergency care. If your condition does not allow you to call us within 48 hours after your admission, contact us as soon as your condition allows. We may transfer you to a network hospital in the service area when your condition is stable. You must receive services from a network provider for any follow-up care to receive the network provider benefit level.

H203000 11/12

Seeking urgent care

If you need urgent care, go to the nearest network urgent care center to receive the network provider benefit level. You must receive services from a network provider for any follow-up care to receive the network provider benefit level.

H203100 11/12

Our relationship with providers

Network providers and non-network providers are not our agents, employees or partners. All providers are independent contractors. Providers make their own clinical judgments or give their own treatment advice without decisions made by us.

UNDERSTANDING YOUR COVERAGE (continued)

The *master group contract* will not change what is decided between *you* and health care providers regarding *your* medical condition or treatment options. Providers act on *your* behalf when they order services. *You* and *your health care practitioner* make all decisions about *your* health care, no matter what *we* cover. *We* are not responsible for anything said or written by a provider about *covered expenses* and/or what is not covered under this *certificate*. Please call *our* customer service department at the telephone number listed on *your* ID card if *you* have any questions.

H203400 11/12

Our financial arrangements with providers

We have agreements with *network providers* that may have different payment arrangements:

- Many *network providers* are paid on a discounted fee-for-services basis. This means they have agreed to be paid a set amount for each *covered expense*;
- Some health care providers may have capitation agreements. This means the provider is paid a set dollar amount each month to care for each *covered person* no matter how many services a *covered person* may receive from the *primary care physician* or a *specialty care physician*;
- *Hospitals* may be paid on a Diagnosis Related Group (DRG) basis or a flat fee per day basis for *inpatient* services. *Outpatient* services are usually paid on a flat fee per service or a procedure or a discount from their normal charges.

H203500 11/12

The certificate

The *certificate* is part of the *master group contract* and tells *you* what is covered and not covered and the requirements of the *master group contract*. Nothing in the *certificate* takes the place of or changes the terms of the *master group contract*. The final interpretation of any provision in the *certificate* is governed by the *master group contract*. If the *certificate* is different than the *master group contract*, the provisions of the *master group contract* will apply. The benefits in the *certificate* apply if *you* are a *covered person*.

H203700 11/12

SCHEDULE OF BENEFITS

Reading this "Schedule of Benefits" section will help *you* understand:

- The level of benefits generally paid for *covered expenses*;
- The amounts of *copayments* and/or *coinsurance* *you* are required to pay;
- The services that require *you* to meet a *deductible*, if any, before benefits are paid; and
- *Preauthorization* requirements.

The benefits outlined in this "Schedule of Benefits" are a summary of coverage and limitations provided under the *master group contract*. A more detailed explanation of *your* coverage and its limitations and exclusions for these benefits is provided in the "Covered Expenses" and "Limitations and Exclusions" sections of this *certificate*. Please refer to any applicable riders for additional coverage and/or limitations.

All services are subject to all of the terms, provisions, limitations and exclusions of the *master group contract*.

The benefits outlined under the "Schedule of Benefits – Behavioral Health", "Schedule of Benefits – Transplant Services", "Specialty Drug Benefit", "Prescription Drug Benefit", "Schedule of Benefits – Pediatric Dental" and "Schedule of Benefits – Pediatric Vision Care" sections are *not* payable under any other Schedule of Benefits of the *master group contract*. However, all other terms and provisions of the *master group contract*, including the *individual lifetime maximum benefit*, *preauthorization* requirements, any annual *deductible(s)*, and any *out-of-pocket limit(s)*, unless otherwise stated, are applicable.

HSCH1-1100 11/12

Network provider verification

This *certificate* contains multiple *network provider* benefit levels. The benefits are identified as *primary care physician* and *specialty care physician* or "Concentra" in the "Schedules of Benefits".

To know which benefit level is assigned to a *network provider*, please refer to the Online Physician Directory on *our* Website at www.humana.com. *You* may also contact *our* customer service department at the telephone number shown on *your* identification card. This list is subject to change, but is updated no less than every 30 days.

HSCH1-1200GA 02/12

SCHEDULE OF BENEFITS (continued)

Individual lifetime maximum benefit

The total amount of benefits payable for all *covered expenses* incurred by *you* will not exceed the *individual lifetime maximum benefit* as follows.

Individual lifetime maximum benefit	Maximum benefit amount
<i>Individual lifetime maximum benefit per covered person</i>	Unlimited

HSCH1-1300

Preauthorization requirements and penalty for services received from a non-network provider

Preauthorization by us is required for certain services and supplies. Visit our Website at www.humana.com or call the customer service telephone number on *your* identification card to obtain a list of services and supplies that require *preauthorization*. The list of services and supplies that require *preauthorization* is subject to change. Coverage provided in the past for services or supplies that did not receive or require *preauthorization*, is not a guarantee of future coverage of the same services or supplies.

You are responsible for informing *your health care practitioner* of the *preauthorization* requirements. *You* or *your health care practitioner* must contact *us* by telephone, *electronic mail*, or in writing to request the appropriate authorization. *Your* identification card will show the *health care practitioner* the telephone number to call to request authorization. Benefits are not paid at all for services or supplies that are not *covered expenses*.

If any required *preauthorization* of services or supplies is not obtained, the benefit payable for any *covered expenses* incurred for the services will be reduced to 40%, after any applicable *deductibles* or *copayments*. If the rendered services are not *covered expenses*, no benefits are payable. The out-of-pocket amounts incurred by *you* due to these benefit reductions may not be used to satisfy any *out-of-pocket limits*. This *preauthorization* penalty will apply if *you* received the services from a *non-network provider* when *preauthorization* is required and not obtained.

HSCH1-1500GA 02/11

SCHEDULE OF BENEFITS (continued)

Annual deductible

An annual *deductible* is a specified dollar amount that you must pay for *covered expenses* per year before most benefits will be paid under the *master group contract*. The *deductible* does not include any *deductible* met for *prescriptions* or *specialty drugs* from a *pharmacy* or *specialty pharmacy*. There are individual and family *network provider* and *non-network provider deductibles*. The *deductible* amount(s) for each *covered person* and each covered family are as follows, and must be satisfied each year, either individually or combined as a covered family. Once the family *deductible* is met any remaining *deductible* for a *covered person* in the family will be waived for that year. *Copayments* do not apply toward the annual *deductible*.

Any expense incurred by you for *covered expenses* provided by a *network provider* will be applied to the *network provider deductible*. Any expense incurred by you for *covered expenses* provided by a *non-network provider* will be applied to the *non-network provider deductible*.

The *deductible* is based on the maximum deductible amount allowed by the Department of Health and Human Services (HHS). The *deductible* of the *master group contract* will be revised without notice at your *group's* next renewal, based on HHS adjustments.

Deductible	Deductible amount
Individual <i>network provider deductible</i>	\$0
Family <i>network provider deductible</i>	\$0
Individual <i>non-network provider deductible</i>	\$5,000
Family <i>non-network provider deductible</i>	\$10,000

HSCH1-1600 11/12

SCHEDULE OF BENEFITS (continued)

Maximum out-of-pocket limit

The *out-of-pocket limit* is the maximum amount of any *copayments*, *deductibles* and/or *coinsurance* for *covered expenses*, which must be paid by *you*, either individually or combined as a covered family, per *year* before a benefit percentage for *covered expenses* will be increased. There are individual and family *network provider* and *non-network provider out-of-pocket limits*.

After the individual *network provider out-of-pocket limit* has been satisfied in a *year*, the *network provider* benefit percentage for *covered expenses* for that *covered person* will be payable by *us* at the rate of 100% for the rest of the *year*, subject to any maximum benefit and all other terms, provisions, limitations and exclusions of the *master group contract*. After the family *network provider out-of-pocket limit* has been satisfied in a *year*, the *network provider* benefit percentage for *covered expenses* will be payable by *us* at the rate of 100% for the rest of the *year*, subject to any maximum benefit and all other terms, provisions, limitations and exclusions of the *master group contract*.

After the individual *non-network provider out-of-pocket limit* has been satisfied in a *year*, the *non-network provider* benefit percentage for *covered expenses* for that *covered person* will be payable by *us* at the rate of 100% for the rest of the *year*, subject to any maximum benefit and all other terms, provisions, limitations and exclusions of the *master group contract*. After the family *non-network provider out-of-pocket limit* has been satisfied in a *year*, the *non-network provider* benefit percentage for *covered expenses* will be payable by *us* at the rate of 100% for the rest of the *year*, subject to any maximum benefit and all other terms, provisions, limitations and exclusions of the *master group contract*.

Any expense incurred by *you* for *covered expenses* provided by a *network provider* will be applied to the *network provider out-of-pocket limit*. Any expense incurred by *you* for *covered expenses* provided by a *non-network provider* will be applied to the *non-network provider out-of-pocket limit*.

The *out-of-pocket limit* is based on the maximum out-of-pocket expense amount allowed by the IRS. The *out-of-pocket limit* of the *master group contract* will be revised without notice at *your group's* next renewal, based on IRS adjustments.

If an *out-of-pocket limit* is shown to be unlimited, *covered expenses* will be paid at the levels indicated in this "Schedule of Benefits". *You* will be responsible for any out-of-pocket expenses.

If any *copayment*, *deductible* or *coinsurance* amount applied to *your* claim is waived by *your* health care provider, *you* are required to inform *us*. Any amount, thus waived and not paid by *you*, would not apply to any *out-of-pocket limit*.

SCHEDULE OF BENEFITS (continued)

Out-of-pocket expenses for covered *organ transplants* provided by a *non-network provider* and *prescriptions* and *specialty drugs* obtained from a *non-network pharmacy* or *non-network specialty pharmacy*, and *specialty drugs* provided by or obtained from a *non-network provider* do not apply towards any *out-of-pocket limit*.

Maximum out-of-pocket limit	Maximum out-of-pocket limit amount
Individual <i>network provider out-of-pocket limit</i>	\$6,350
Family <i>network provider out-of-pocket limit</i>	\$12,700

Dependent enrollment

If electing *dependent* coverage, the *employee* must enroll eligible *dependents*, as agreed to by the *group plan sponsor* and *us*, within 31 days of the *dependent's eligibility date* or within the time period specified in the "Special enrollment" provision.

The *dependent* is a *late applicant* if enrollment is requested more than 31 days after the *dependent's eligibility date* or later than the time period specified in the "Special enrollment" provision. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

Health status will not be used to determine premium rates. We will not use health status-related factors to decline coverage to a *dependent* and we will administer this provision in a non-discriminatory manner.

ELIGIBILITY AND EFFECTIVE DATES (continued)

Newborn dependent and adopted child enrollment

An *employee* who already has *dependent* child coverage in force prior to:

- the newborn's date of birth; or
- an adopted child's placement in the home or legal adoption:

is not required to complete an enrollment form for the *dependent* child. However, the *employee* must notify *us* of the birth or adoption within 31 days after the date of birth or adoption. In the case of an adopted child, the *effective date* is the date the child is placed in the *employee's* home for the purpose of adoption by the *employee*, or the date the child is legally adopted by the *employee*, whichever occurs first.

An *employee* who does not have *dependent* child coverage must elect *dependent* coverage and enroll the newborn *dependent*, as agreed to by the *group plan sponsor* and *us*, within 31 days after the newborn's date of birth.

A newborn *dependent* is a *late applicant* if enrollment is requested more than 31 days after the date of birth. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.
H217600GA 04/09

 - The adoption of a child or placement of a child with the *employee* for the purpose of adoption; and
 - You enroll within 31 days after the *special enrollment date*; or
- You are an *employee* or *dependent* eligible for coverage under the *master group contract*, and:
 - You previously declined enrollment stating you were covered under another group health plan or other *health insurance coverage*; and
 - Loss of eligibility of such other coverage occurs, regardless of whether you are eligible for, or elect COBRA; and
 - You enroll within 31 days after the *special enrollment date*.

ELIGIBILITY AND EFFECTIVE DATES (continued)

Loss of eligibility of other coverage includes, but is not limited to:

 - Loss of group HMO coverage because you no longer reside, live or work in the service area, and no other benefit package is available;
 - An incurred claim meeting or exceeding a lifetime limit on all benefits; or
 - The plan no longer offers benefits to a class of similarly situated individuals; or
- You had COBRA continuation coverage under another plan at the time of eligibility, and:
 - Such coverage has since been exhausted; and
 - You stated at the time of the initial enrollment that coverage under COBRA was your reason for declining enrollment; and
 - You enroll within 31 days after the *special enrollment date*; or
 - You were covered under an alternate plan provided by the *employer* that terminates, and:
 - You are replacing coverage with this *master group contract*; and
 - You enroll within 31 days after the *special enrollment date*; or
 - You are an *employee* or *dependent* eligible for coverage under the *master group contract* that is not a high deductible health plan (HDHP), and:

 - You become eligible for a premium assistance subsidy under *Medicaid* or CHIP; and
 - You enroll within 60 days after the *special enrollment date*.

The *employee* or *dependent* is a *late applicant* if enrollment is requested later than the time period specified above. A *late applicant* must wait to enroll for coverage during the *open enrollment period*.

H217700GA 04/09

ELIGIBILITY AND EFFECTIVE DATES (continued)

Dependent special enrollment

The *dependent* special enrollment is the time period specified in the "Special enrollment" provision.

If *dependent* coverage is available under the *employer's master group contract* or added to the *master group contract*, an *employee* who is a *covered person* can enroll eligible *dependents* during the special enrollment. An *employee*, who is otherwise eligible for coverage and had waived coverage under the *master group contract* when eligible, can enroll himself/herself and eligible *dependents* during the special enrollment.

The *employee* or *dependent* is a *late applicant* if enrollment is requested later than the time period specified above. A *late applicant* must wait to enroll for coverage during the *open enrollment period*.
H217800 04/09

Open enrollment

Eligible *employees* or *dependents*, that did not enroll for coverage under the *master group contract* following their *eligibility date* or *special enrollment date*, have an opportunity to enroll for coverage during the *open enrollment period*. The *open enrollment period* is also the opportunity for *late applicants* to enroll for coverage.

Eligible *employees* or *dependents*, including *late applicants*, must request enrollment during the *open enrollment period*. If enrollment is requested after the *open enrollment period*, the *employee* or *dependent* must wait to enroll for coverage during the next *open enrollment period*, unless they become eligible for special enrollment as specified in the "Special enrollment" provision.
H217850 04/09

Effective date

The provisions below specify the *effective date* of coverage for *employees* or *dependents* if enrollment is requested within 31 days of their *eligibility date* or within the time period specified in the "Special enrollment" provision. If enrollment is requested during an *open enrollment period*, the *effective date* of coverage is specified in the "Open enrollment effective date" provision.
H217890 04/09

Employee effective date

The *employee's effective date* provision is stated in the Employer Group Application. The *employee's effective date* of coverage may be the date immediately following completion of the *waiting period*, or the first of the month following completion of the *waiting period*, if enrollment is requested within 31 days of the *employee's eligibility date*. The *special enrollment date* is the *effective date* of coverage for an *employee* that requests enrollment within the time period specified in the "Special enrollment" provision. The *employee effective dates* specified in this provision apply to an *employee* who is not a *late applicant*.
H217900 04/09

ELIGIBILITY AND EFFECTIVE DATES (continued)

Dependent effective date

The *dependent's effective date* is the date the *dependent* is eligible for coverage if enrollment is requested within 31 days of the *dependent's eligibility date*. The *special enrollment date* is the *effective date* of coverage for the *dependent* that requests enrollment within the time period specified in the "Special enrollment" provision. The *dependent effective dates* specified in this provision apply to a *dependent* who is not a *late applicant*.

In no event will the *dependent's effective date* of coverage be prior to the *employee's effective date* of coverage.

H218000 04/09

Newborn dependent and adopted child effective date

The *effective date* of coverage for a newborn *dependent* is the date of birth or adopted child's *eligibility date* if enrollment is requested within 31 days of the newborn's date of birth or the adopted child's *eligibility date* and the newborn or the adopted child is not a *late applicant*.

Premium is due for any period of newborn *dependent* coverage whether or not the newborn or the adopted *dependent* is subsequently enrolled, unless specifically not allowed by applicable law.

H218100GA 11/12

Open enrollment effective date

The *effective date* of coverage for an *employee* or *dependent*, including a *late applicant*, who requests enrollment during an *open enrollment period*, is the first day of the *master group contract year* as agreed to by the *group plan sponsor* and *us*.

H218150 04/09

Benefit changes

Benefit changes will become effective on the date specified by *us*.

H218200

Retired employee coverage

Retired employee eligibility date

Retired *employees* are an eligible class of *employees* if requested on the Employer Group Application and if approved by *us*. An *employee* who retires while covered under the *master group contract* is considered eligible for retired *employee* medical coverage on the date of retirement if the eligibility requirements stated in the Employer Group Application are satisfied.

H218300 04/09

ELIGIBILITY AND EFFECTIVE DATES (continued)

Retired employee enrollment

The *employer* must notify *us* of the *employee's* retirement within 31 days of the date of retirement. If we are notified more than 31 days after the date of retirement, the retired *employee* is a *late applicant*. A *late applicant* must wait to enroll for coverage during the *open enrollment period*, unless the *late applicant* becomes eligible for special enrollment as specified in the "Special enrollment" provision.

H218400 04/09

Retired employee effective date

The *effective date* of coverage for an eligible retired *employee* is the date of retirement for an *employee* who retires after the date we approve the *employer's* request for a retiree classification, provided we are notified within 31 days of the retirement. If we are notified more than 31 days after the date of retirement, the *effective date* of coverage for the *late applicant* is the date we specify.

H218500 04/09

Retired employee benefit changes

Additional or increased coverage or a decrease in coverage will become effective on the approved date of change.

H218600

REPLACEMENT OF COVERAGE

Applicability

The "Replacement of Coverage" section applies when an *employer's* previous group health plan not offered by *us* or *our* affiliates (Prior Plan) is terminated and replaced by coverage under the *master group contract* and:

- *You* are eligible to become covered for medical coverage on the effective date of the *master group contract*; and
- *You* were covered under the *employer's* Prior Plan on the day before the effective date of the *master group contract*.

Benefits available for *covered expense* under the *master group contract* will be reduced by any benefits payable by the Prior Plan during an extension period.

H221000

Deductible credit

Medical expense incurred 90 days before the master group contracts effective date will be evaluated. If the expenses incurred in that 90 day time period meet our criteria, they will be used to satisfy *your network provider deductible* amount under the *master group contract* if the expense incurred:

- Was applied to the deductible amount under the Prior Plan; and
- Qualifies as a *covered expense* under the *master group contract*; and
- Would have served to partially or fully satisfy the *deductible* amount under the *master group contract* for the *year* in which *your* coverage becomes effective.

The *deductible* credit will not be applied toward any *out-of-pocket limit* of the *master group contract*.

This provision does not apply to *coinsurance* satisfied under the Prior Plan.

H221100GA 11/12

REPLACEMENT OF COVERAGE (continued)

Waiting period credit

If the *employee* had not completed the initial *waiting period* under the *group plan sponsor's* Prior Plan on the day that it ended, any period of time that the *employee* satisfied will be applied to the appropriate *waiting period* under the *master group contract*, if any. The *employee* will then be eligible for coverage under the *master group contract* when the balance of the *waiting period* has been satisfied.

H221200

Out-of-pocket limit

Any amount applied to the Prior Plan's *out-of-pocket limit* or stop-loss limit will not be credited toward the satisfaction of any *out-of-pocket limit* of the *master group contract*.

H221300 11/12

TERMINATION PROVISIONS

Termination of coverage

The date of termination, as described in this "Termination Provisions" section, may be the actual date specified or the end of that month, as selected by *your employer* on the Employer Group Application (EGA).

You must notify *us* as soon as possible if *you* or *your dependent* no longer meets the eligibility requirements of the *master group contract*. Notice should be provided to *us* within 31 days of the change.

When *we* receive notification of a change in eligibility status in advance of the effective date of the change, coverage will terminate on the actual date specified by the *employer* and/or *employee* or at the end of that month, as selected by *your employer* on the EGA.

When *we* receive notification of a change in eligibility status more than 31 days after the date of the change, retroactive premium credit will be limited to one month's premium.

H222000 02/11

Otherwise, coverage terminates on the earliest of the following:

- The date the *master group contract* terminates;
- The end of the period for which required premiums were due to *us* and not received by *us*;
- The date the *employee* terminated employment with the *employer*;
- The date the *employee* the date he or she is no longer qualified as an *employee*;
- The date *you* fail to be in an eligible class of persons as stated in the EGA;
- The date *you* entered full-time military, naval or air service;
- The date the *employee* retired, except if the EGA provides coverage for a retiree class of *employees* and the retiree is in an eligible class of retirees, selected by the *employer*;
- The date of an *employee* request for termination of coverage for the *employee* or *dependents*;
- For a *dependent*, the date the *employee's* coverage terminates;
- For a *dependent*, the date the *employee* ceases to be in a class of *employees* eligible for *dependent* coverage;
- The date *your dependent* no longer qualifies as a *dependent*;

TERMINATION PROVISIONS (continued)

- For any benefit, the date the benefit is deleted from the *master group contract*; or
- The date fraud or intentional misrepresentation of a material fact has been committed by *you*. For more information on fraud and intentional misrepresentation, refer to the "Fraud" provision in the "Miscellaneous Provisions" section of this *certificate*.

H222100GA 11/12

Termination for cause

We will terminate *your* coverage for cause under the following circumstances:

- If *you* allow an unauthorized person to use *your* identification card or if *you* fraudulently use the identification card of another *covered person*. Under these circumstances, the person who receives the services provided by use of the identification card will be responsible for paying *us* the *maximum allowable fee* for those services.
- If *you* or the *group plan sponsor* perpetrate fraud and/or intentional misrepresentation on claims, identification cards or other identification in order to obtain services or a higher level of benefits. This includes, but is not limited to, the fabrication and/or alteration of a claim, identification card or other identification.

H222300GA 03/05

EXTENSION OF BENEFITS

Extension of coverage for total disability

We extend limited coverage if:

- You terminate coverage or the *master group contract* terminates while you are *totally disabled* due to a *bodily injury* or *sickness* that occurs while the *certificate* is in effect.

H223000GA 11/12

Benefits are payable only for those expenses incurred for the same *sickness* or *bodily injury* which caused you to be *totally disabled*. Coverage for the disabling condition continues without premium payment, but not beyond the earliest of the following dates:

- The date *your health care practitioner* certifies you are no longer *totally disabled*; or
- The date any maximum benefit or *your individual maximum benefit* is reached; or
- The last day of a 12 consecutive month period following the date the member terminates coverage.

H223100GA 11/12

COORDINATION OF BENEFITS

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one *plan*. The order of benefit determination rules below determine which *plan* will pay as the *primary plan*. The *primary plan* pays first without regard to the possibility another *plan* may cover some expenses. A *secondary plan* pays after the *primary plan* and may reduce the benefits it pays so that payments from all *plans* do not exceed 100% of the total *allowable expense*.

H226000

Definitions

The following definitions are used exclusively in this provision.

Plan means any of the following that provide benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered part of the same *plan* and there is no COB among those separate contracts.

Plan includes:

- Group insurance, closed panel or other forms of group or group-type coverage (whether insured or uninsured);
- Hospital indemnity benefits in excess of \$100 per day;
- Medical care components of group long-term care contracts, such as skilled nursing care;
- Medical benefits under group or individual automobile contracts, including "No Fault" and Medical Payments coverages; and
- *Medicare* or other governmental benefits, as permitted by law. This does not include a state plan under Medicaid.

Plan does not include:

- Individual or family insurance;
- Closed panel or other individual coverage (except for group-type coverage);
- Hospital indemnity benefits of \$200 or less per day;
- School accident type coverage;
- Benefits for non-medical care components of group long-term care contracts;
- Medicare supplement policies;
- A state plan under Medicaid; and
- Coverage under other governmental plans, unless permitted by law.

COORDINATION OF BENEFITS (continued)

Each contract for coverage is a separate *plan*. If a *plan* has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate *plan*.

Notwithstanding any statement to the contrary, for the purposes of COB, prescription drug coverage under a Prescription Drug Benefit Rider, if applicable, will be considered a separate *plan* and will therefore only be coordinated with other prescription drug coverage.

Primary/secondary means the order of benefit determination stating whether this *plan* is *primary* or *secondary* covering the person when compared to another *plan* also covering the person.

When this *plan* is *primary*, its benefits are determined before those of any other *plan* and without considering any other *plan*'s benefits. When this *plan* is *secondary*, its benefits are determined after those of another *plan* and may be reduced because of the *primary plan*'s benefits.

Allowable expense means a health care service or expense, including deductibles, if any, and copayments, that is covered at least in part by any of the *plans* covering the person. When a *plan* provides benefits in the form of services (e.g. an HMO), the reasonable cash value of each service will be considered an *allowable expense* and a benefit paid. An expense or service that is not covered by any of the *plans* is not an *allowable expense*. The following are examples of expenses or services that are not *allowable expenses*:

- If a *covered person* is confined in a private *hospital* room, the difference between the cost of a semi-private room in the *hospital* and the private room, (unless the patient's stay in a private *hospital* room is medically necessary in terms of generally accepted medical practice, or one of the *plans* routinely provides coverage for *hospital* private rooms) is not an *allowable expense*.
- If a person is covered by two or more *plans* that compute their benefits payments on the basis of usual and customary fees, any amount in excess of the highest usual and customary fees for a specific benefit is not an *allowable expense*.
- If a person is covered by two or more *plans* that provide benefits or services on the basis of negotiated fees, any amount in excess of the highest of the fees is not an *allowable expense*.
- If a person covered by one *plan* that calculates its benefits or services on the basis of usual and customary fees and another *plan* that provides its benefits or services on the basis of negotiated fees, the *primary plan*'s payment arrangement shall be the *allowable expense* for all *plans*.
- The amount a benefit is reduced by the *primary plan* because a *covered person* does not comply with the *plan* provisions. Examples of these provisions are second surgical opinions, precertification of *admissions* and preferred provider arrangements.

Claim determination period means a calendar year. However, it does not include any part of a year during which a person has no coverage under this *plan*, or before the date this COB provision or a similar provision takes effect.

COORDINATION OF BENEFITS (continued)

Closed panel plan is a *plan* that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the *plan*, and that limits or excludes benefits for services provided by other providers, except in the cases of emergency or referral by a panel member.

Custodial parent means a parent awarded custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

H226100GA 06/06

Order of determination rules

General

When two or more *plans* pay benefits, the rules for determining the order of payment are as follows:

- The *primary plan* pays or provides its benefits as if the *secondary plan* or *plans* did not exist.
- A *plan* that does not contain a COB provision that is consistent with applicable promulgated regulation is always *primary*. There is one exception: coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the *plan* provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base *plan* hospital and surgical benefits, and insurance type coverages that are written in connection with a *closed panel plan* to provide out-of-network benefits.
- A *plan* may consider the benefits paid or provided by another *plan* in determining its benefits only when it is *secondary* to that other *plan*.

H226200

Rules

The first of the following rules that describes which *plan* pays its benefits before another *plan* is the rule to use.

- **Non-dependent or dependent.** The *plan* that covers the person other than as a *dependent*, for example as an *employee*, member, subscriber or retiree is *primary* and the *plan* that covers the person as a *dependent* is *secondary*. However, if the person is a *Medicare* beneficiary and, as a result of federal law, *Medicare* is *secondary* to the *plan* covering the person as a *dependent*; and *primary* to the *plan* covering the person as other than a *dependent* (e.g. retired *employee*); then the order of benefits between the two *plans* is reversed so that the *plan* covering the person as an *employee*, member, subscriber or retiree is *secondary* and the other *plan* is *primary*.

COORDINATION OF BENEFITS (continued)

- **Child covered under more than one plan.** The order of benefits when a child is covered by more than one *plan* is:
 - The *primary plan* is the *plan* of the parent whose birthday is the earlier in the year if:
 - The parents are married;
 - The parents are not separated (whether or not they have been married); or
 - A court decree awards joint custody with out specifying that one part has the responsibility to provide health care coverage.
 - If both the parents have the same birthday, the *plan* that covered either of the parents longer is *primary*.
 - If the specific terms of a court decree state that one parent is responsible for the child's health care expenses or health care coverage and the *plan* of that parent has actual knowledge of those terms, that *plan* is *primary*. This rule applies to *claim determination periods* or plan years commencing after the *plan* is given notice of the court decree.
 - If the parents are not married, or are separated (whether or not they ever have been married) or are divorced, the order of benefits is:
 - The *plan* of the *custodial parent*;
 - The *plan* of the spouse of the *custodial parent*;
 - The *plan* of the non-*custodial parent*; and then
 - The *plan* of the spouse of the non-*custodial parent*.
- **Active or inactive employee.** The *plan* that covers a person as an *employee* who is neither laid off nor retired, is *primary*. The same would hold true if a person is a *dependent* of a person covered as a retiree and an *employee*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.
- **Continuation coverage.** If a person whose coverage is provided under a right of continuation provided by federal or state law also is covered under another *plan*, the *plan* covering the person as an *employee*, member, subscriber or retiree (or as that person's *dependent*) is *primary*, and the continuation coverage is *secondary*. If the other *plan* does not have this rule, and if, as a result, the *plans* do not agree on the order of benefits, this rule is ignored.
- **Longer or shorter length of coverage.** The *plan* that covered the person as an *employee*, member, subscriber or retiree longer is *primary*.

If the preceding rules do not determine the *primary plan*, the *allowable expenses* shall be shared equally between the *plans* meeting the definition of *plan* under this provision. In addition, this *plan* will not pay more that it would have had it been *primary*.

H226300

COORDINATION OF BENEFITS (continued)

Effects on the benefits of this plan

When this *plan* is *secondary*, benefits may be reduced to the difference between the allowable expense (determined by the *primary plan*) and the benefits paid by any *primary plan* during the *claim determination period*.

If a *covered person* is enrolled in two or more *closed panel plans* and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one *closed panel plan*, COB shall not apply between that *plan* and the other *closed panel plan*.

H226400 06/06

Right to receive and release needed information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under this *plan* and other *plans*. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under this *plan* and other *plans* covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under this *plan* must give us any facts we need to apply those rules and determine benefits payable.

H226500

Facility of payment

A payment made under another *plan* may include an amount that should have been paid under this *plan*. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under this *plan*. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means a reasonable cash value of the benefits provided in the form of services.

H226600

Right of recovery

If the amount of the payments made by us is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the *covered person*. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

H226700

COORDINATION OF BENEFITS FOR MEDICARE ELIGIBLES

Definitions

Medicare Part B means the Medicare program that provides medical insurance benefits.

H227000 06/06

General coordination of benefits with Medicare

If *you* are covered under both *Medicare* and this *certificate*, federal law mandates that *Medicare* is the secondary plan in most situations. But when permitted by law, this plan is the secondary plan. In all cases, coordination of benefits with *Medicare* will conform to federal statutes and regulations. If *you* are enrolled in *Medicare*, *your* benefits under this *certificate* will be coordinated to the extent benefits are payable under *Medicare*, as allowed by federal statutes and regulations.

You are considered to be eligible for *Medicare* on the earliest date coverage under *Medicare* could have become effective for *you*.

H227100 06/06

Coordination of benefits with Medicare Part B

If *you* are eligible for *Medicare Part B*, but are not enrolled, *your* benefits under the *master group contract* may be coordinated as if *you* were enrolled in *Medicare Part B*. We may not pay benefits to the extent that benefits would have been payable under *Medicare Part B*, if *you* had enrolled. Therefore, it is important that *you* enroll in *Medicare Part B* if *you* are eligible to do so.

H227200 06/06

CLAIMS

Notice of claim

Network providers will submit claims to *us* on *your* behalf. If *you* utilize a *non-network provider* for *covered expenses*, *you* must submit a notice of claim to *us*. Notice of claim must be given to *us* in writing or by *electronic mail* as required by *your* plan, or as soon as is reasonably possible thereafter. Notice must be sent to *us* at *our* mailing address shown on *your* identification documentation or at *our* Website at www.humana.com.

H228000GA 05/05

Claims must be complete. At a minimum a claim must contain:

- Name of the *covered person* who incurred the *covered expenses*;
- Name and address of the provider;
- Diagnosis;
- Procedure or nature of the treatment;
- Place of service;
- Date of service; and
- Billed amount.

If *you* receive services outside the United States or from a foreign provider, *you* must also submit the following information along with *your* complete claim:

- *Your* proof of payment to the provider for the services received outside the United States or from a foreign provider;
- Complete medical information and medical records;
- *Your* proof of travel outside of the United States, such as airline tickets or passport stamps, if *you* traveled to receive the services; and
- The foreign provider's fee schedule if the provider uses a billing agency.

The forms necessary for filing proof of loss are available at www.humana.com. When requested by *you*, we will send *you* the forms for filing proof of loss. If the requested forms are not sent to *you* within 10 days, *you* will have met the proof of loss requirements by sending *us* a written or *electronic* statement of the nature and extent of the loss containing the above elements within the time limit stated in the "Proof of loss" provision.

H228100GA 11/12

Proof of loss

You must give written or *electronic* proof of loss within 90 days after the date of loss. *Your* claims will not be reduced or denied if it was not reasonably possible to give such proof. In any event, written or *electronic* notice must be given within one year after the date proof of loss is otherwise required, except if *you* were legally incapacitated.

H228200GA 03/05

CLAIMS (continued)

Right to require medical examinations

We have the right to require a medical examination on any *covered person* as often as we may reasonably require. If we require a medical examination, it will be performed at *our* expense. We also have a right to request an autopsy in the case of death, if state law so allows.

H228300

To whom benefits are payable

If you receive services from a *network provider*, we will pay the provider directly for all *covered expenses*. You will not have to submit a claim for payment.

All benefits are payable to the *covered person* for services rendered by a *non-network provider*. However, with *our* consent, a *covered person* may direct us to pay all or any part of the medical benefits to the health care provider on whose charge the claim is based. If we pay you directly, you are then responsible for any and all payments to the *non-network provider(s)*.

If any *covered person* to whom benefits are payable is a minor or, in *our* opinion, not able to give a valid receipt for any payment due him or her, such payment will be made to his or her parent or legal guardian. However, if no request for payment has been made by the parent or legal guardian, we may, at *our* option, make payment to the person or institution appearing to have assumed his or her custody and support.

H228400GA

Time of payment of claims

Payments due under the *master group contract* will be paid no more than 30 days after receipt of written or 15 working days for *electronic* proof of loss.

If we fail to provide benefits payable under the *master group contract* upon receipt of written or *electronic* proof of loss, we shall have 15 working days thereafter to send you a letter or notice which:

- States the reason(s) we have not paid the claim; and
- Gives a written itemization of any documents or other information needed to process the claim.

When all of the listed documents or other information needed to process the claim has been received, we shall have 15 working days thereafter to either pay or deny the claim and give you the reasons if there is a denial.

Claims not paid as above will be increased by interest at 12% per annum on the proceeds or benefits due under the terms of the *master group contract*.

H228500GA 02/12

CLAIMS (continued)

Right to request overpayments

We reserve the right to recover any payments made by *us* that were:

- Made in error; or
- Made to *you* and/or any party on *your* behalf, where *we* determine such payment made is greater than the amount payable under the *master group contract*; or
- Made to *you* and/or any party on *your* behalf, based on fraudulent or misrepresented information; or
- Made to *you* and/or any party on *your* behalf for charges that were discounted, waived or rebated.

We reserve the right to adjust any amount applied in error to the *deductible, out-of-pocket limit* or *copayment limit*, if any.

H228700 11/12

Right to collect needed information

You must cooperate with *us* and when asked, assist *us* by:

- Authorizing the release of medical information including the names of all providers from whom *you* received medical attention;
- Obtaining medical information and/or records from any provider as requested by *us*;
- Providing information regarding the circumstances of *your sickness, bodily injury* or *accident*;
- Providing information about other insurance coverage and benefits, including information related to any *bodily injury* or *sickness* for which another party may be liable to pay compensation or benefits; and
- Providing information *we* request to administer the *master group contract*.

If *you* fail to cooperate or provide the necessary information, *we* may recover payments made by *us* and deny any pending or subsequent claims for which the information is requested.

H228800

Exhaustion of time limits

If *we* fail to complete a claim determination or appeal within the time limits set forth in the *master group contract*, the claim shall be deemed to have been denied and *you* may proceed to the next level in the review process outlined under the "Grievance Procedures" section of this *certificate* or as required by law.

H228900GA 02/06

CLAIMS (continued)

Duty to cooperate in good faith

You are obligated to cooperate with *us* and *our* agents in order to protect *our* recovery rights. Cooperation includes promptly notifying *us* *you* may have a claim, providing *us* relevant information, and signing and delivering such documents as *we* or *our* agents reasonably request to secure *our* recovery rights. *You* agree to obtain *our* consent before releasing any party from liability for payment of medical expenses. *You* agree to provide *us* with a copy of any summons, complaint or any other process serviced in any lawsuit in which *you* seek to recover compensation for *your* injury and its treatment.

You will do whatever is necessary to enable *us* to enforce *our* recovery rights and will do nothing after loss to prejudice *our* recovery rights.

You agree that *you* will not attempt to avoid *our* recovery rights by designating all (or any disproportionate part) of any recovery as exclusively for pain and suffering.

In the event that *you* fail to cooperate with *us*, *we* shall be entitled to recover from *you* any payments made by *us*.

H229100

Workers' compensation

If benefits are paid by *us* and *we* determine that the benefits were for treatment of *bodily injury* or *sickness* that arose from or was sustained in the course of, any occupation or employment for compensation, profit or gain, *we* have the right to recover as described below. *We* will exercise *our* right to recover against *you*.

The recovery rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that *bodily injury* or *sickness* was sustained in the course of or resulted from *your* employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by *you* or the Workers' Compensation carrier, or
- Medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

As a condition to receiving benefits from *us*, *you* hereby agree, in consideration for the coverage provided by the *master group contract*, *you* will notify *us* of any Workers' Compensation claim *you* make, and *you* agree to reimburse *us* as described above.

H229300 11/12

CLAIMS (continued)

Right of reimbursement; coverage voided by non-cooperation

If *you* or *your* covered *dependent* has a claim for damages or a right to recover damages from a responsible person, his insurer, any Uninsured Motorist or Underinsured Motorist, or other similar coverage for any *sickness* or *bodily injury* for which benefits are payable under this *master group contract*. *We* may have the Right of Reimbursement. Our Right of Reimbursement shall be limited to the recovery of any benefits paid for medical expenses, prescription and specialty drugs, disability, or dental under this *policy*, but shall not include non-medical items. Recovery may include compromise, judgment, or other settlements. Should a dispute as to the amount of reimbursement arise, the health plan may seek a declaratory judgment in court as to what amount is due, if any. Our Right to Reimbursement is limited by any applicable state law or rule limiting the rights of the insurer to recover the expenses it has paid on *your* behalf. The beneficiary will cooperate with *us* in an effort to recover from the legally liable person or insured for *bodily injuries* and losses, which necessitate *covered expenses* by this *master group contract*. *You* or *your* attorney must inform *us* of any legal action or settlement agreement at least ten days prior to settlement or trial. *We* will then notify *you* of the amount *we* seek to recover for covered benefits paid. *Our* recovery may be reduced by the pro-rata share of *your* attorney's fees and expenses of litigation.

229350GA 11/12

GRIEVANCE PROCEDURES

There are situations when *covered persons* are dissatisfied with the *group plan's* services. Such grievances will be handled on a timely basis and appropriate records will be kept on all complaints.

The person responsible for the maintenance of records and for the supervision of the grievance process is the Executive Director/Designee. A specific set of records will be maintained to document grievances filed. Records will include reason for grievance, date filed, consequent actions and final disposition. They will be centrally maintained by the Grievance Manager.

We will encourage *covered persons* to resolve individual problems without initiation of a formal grievance by contacting the Customer Service Representative for verbal resolution. Refer to *your* I.D. card for the Customer Service phone number. Grievances must be submitted within 30 days of occurrence, unless good cause can be shown. The Customer Service Representative must respond to the complaint within three working days of the submission.

In the event the grievance has not been settled at the informal level and the *covered person* is still dissatisfied, the *covered person* will be advised to appeal the decision in writing to the Grievance Manager. In the case of a medical or quality of care grievance, the investigation will include referral to a Physician Advisor for consultation, but the process will remain the same. The Grievance Manager will provide written acknowledgment of receipt of the grievance to the *covered person* within five working days; the grievance will be investigated and a response sent to the *covered person* no later than 30 working days following the initial filing of the appeal with the Grievance Manager. The *covered person* or any interested party may submit written data which will remain part of the file.

If the *covered person* is not satisfied with the response, the *covered person* may appeal directly to the Grievance Committee. The *covered person* will be advised in writing of the right to appeal the decision. The Grievance Committee shall have written guidelines for investigating grievances and conducting hearings. As before, receipt of the grievance will be acknowledged within five working days by the Grievance Committee.

In the event a hearing is held, such hearing shall be conducted by a panel of at least three persons. One member of the panel must be a physician other than *our* Medical Director, and one must be a *health care practitioner* competent by reason of training and licensure in the treatment or procedure that has been denied. The Grievance Committee's suggested resolution will be sent to the *covered person* within 30 working days.

If the *covered person* remains dissatisfied with the decision of the Grievance Committee, the *covered person* will be advised of the right to appeal to the Commissioner of Insurance at:

Department of Insurance
Consumer Services/Complaints Section
Martin Luther King, Jr. Drive
7th Floor, West Tower, No. 2
Atlanta, Georgia 30334

GRIEVANCE PROCEDURES (continued)

A *covered person* may also write to:

Georgia Department of Human Resources
Office of Regulatory Services
2 Peachtree Street, NW Suite 19-204
Atlanta, Georgia 30303-3142

Once we receive a copy of the complaint from the department, we will provide a written response to the complainant within ten working days. Copies of *our* response will be sent to the Department of Insurance and the Department of Human Resources.

The grievance process does not preclude *you* from pursuing other appropriate remedies, including injunctive relief, a declaratory judgment, or relief available under law, if the requirement of exhausting the process for grievance and review places *your* health in serious jeopardy.
H230000GA

Exhaustion of remedies

You must complete all levels of the grievance process available to *you* under state or federal law, including external review, before filing a law suit. This assures that both *you* and *we* have a full and fair opportunity to complete the record and resolve the dispute. Contact *us* if *you* believe *your* condition requires the use of the shorter time lines applicable to emergency health conditions.

The grievance process, however, does not preclude *you* from pursuing other appropriate remedies, including seeking injunctive relief or equitable relief, if the requirement of exhausting the process for grievances, including the emergency grievance process, would place *your* health in serious jeopardy.

A coverage denial does not mean that *your* provider cannot provide the service or supply. *Our* denial only means *we* will not pay for the service or supply, unless *our* decision is reversed on appeal or in a subsequent lawsuit.

H230100GA 05/05

Legal actions and limitations

No lawsuit with respect to plan benefits may be brought after the expiration of three years after the latter of:

- The date on which we first denied the service or claim; paid less than you believe appropriate; or failed to timely pay the claim; or
- 180 days after a final determination of a timely filed appeal.

DISCLOSURE PROVISIONS

Discount programs

From time to time, we may offer or provide access to discount programs to *you*. In addition, we may arrange for third party service providers such as pharmacies, optometrists, dentists and alternative medicine providers to provide discounts on goods and services to *you*. Some of these third party service providers may make payments to *us* when *covered persons* take advantage of these discount programs. These payments offset the cost to *us* of making these programs available and may help reduce the costs of *your* plan administration. Although we have arranged for third parties to offer discounts on these goods and services, these discount programs are not covered services under the *master group contract*. The third party service providers are solely responsible to *you* for the provision of any such goods and/or services. We are not responsible for any such goods and/or services, nor are we liable if vendors refuse to honor such discounts. Further, we are not liable to *covered persons* for the negligent provision of such goods and/or services by third party service providers. Discount programs may not be available to persons who "opt out" of marketing communications and where otherwise restricted by law.

H231000

Wellness programs

From time to time we may offer directly, or enter into agreements with third parties who administer, wellness programs that may be available to *you*. Through these wellness programs, *you* may earn rewards by:

- Participating in wellness activities that do not require *you* to meet a standard related to a health factor, such as membership in a fitness center, certain preventive testing, or attending a no-cost health education seminar. These are considered "participatory wellness program" activities; or
- Attaining certain wellness goals that are related to a health factor, such as completing a 5k event, lowering blood pressure or ceasing the use of tobacco. These are considered "health-contingent wellness program" activities.

The rewards may include, but are not limited to, merchandise, gift cards, debit cards, discounts or contributions to *your* health spending account. We are not responsible for any rewards provided by third parties that are non-insurance benefits or for *your* receipt of such reward(s).

The rewards may also include, but are not limited to, discounts or credits toward premium or a reduction in *copayments*, *deductibles* or *coinsurance*, as permitted under applicable state and federal laws. Such insurance premium or benefit rewards may be made available at the individual or *group* health plan level.

The rewards may be taxable income. *You* may consult a tax advisor for further guidance.

Our agreement with any third party does not eliminate any of *your* obligations under this *master group contract* or change any of the terms of this *master group contract*. *Our* agreement with the third parties and the program may be terminated at any time, although insurance benefits will be subject to applicable State and Federal laws.

DISCLOSURE PROVISIONS (continued)

We are committed to helping *you* achieve *your* best health. Rewards for participating in a wellness program are available to all *covered persons*. If *you* think *you* might be unable to meet a standard for a reward under a wellness program, *you* might qualify for an opportunity to earn the same reward by different means. Contact *us* at the number listed on *your* identification card or in the marketing literature issued by the wellness program administrator and *we* will work with *you* (and, if *you* wish, with *your health care practitioner*) to find a wellness program with the same reward that is right for *you* in light of *your* health status.

The wellness program administrator or *we* may require proof in writing from *your health care practitioner* that *your* medical condition prevents *you* from taking part in the available activities.

The decision to participate in wellness program activities is voluntary and *you* may decide to participate anytime during the *year*. Refer to the marketing literature issued by the wellness program administrator for their program's eligibility, rules and limitations.

H231075 06/13

Shared savings program

We have a Shared Savings Program that may allow *you* to share in discounts *we* have obtained from *non-network providers*.

As a *covered person* under the health benefit plan, *you* are free to obtain services from *network providers* or *non-network providers*. If *you* choose a *network provider*, *your* out-of-pocket expenses are normally lower than if *you* choose a *non-network provider*.

Although *our* goal is to obtain discounts whenever possible, *we* cannot guarantee that services rendered by *non-network providers* will be discounted. The *non-network provider* discounts in the Shared Savings Program may not be as favorable as *network provider* discounts.

In most cases, to maximize *your* benefit design and minimize *your* out-of-pocket expense, please access *network providers* associated with *your* plan.

If *you* choose to obtain services from a *non-network provider*, it is not necessary for *you* to inquire about a provider's status in advance. When processing *your* claim, *we* will automatically determine if that provider is participating in the Shared Savings Program and calculate *your deductible* and *coinsurance* on the discounted amount. *Your* Explanation of Benefits statement will reflect any savings with a remark code used to reference the Shared Savings Program.

However, if *you* would like to inquire in advance to determine if a *non-network provider* participates in the Shared Savings Program, please contact *our* customer service department at the telephone number shown on *your* identification card. Please note provider arrangements in the Shared Savings Program are subject to change without notice. *We* cannot guarantee that the provider from whom *you* received treatment is still participating in the Shared Savings Program at the time treatment is received. Discounts are dependent upon availability and cannot be guaranteed.

We reserve the right to modify, amend or discontinue the Shared Savings Program at any time.

MISCELLANEOUS PROVISIONS

Entire contract

The entire contract is made up of the *master group contract*, the *certificate*, the Employer Group Application of the *group plan sponsor*, incorporated by reference herein, and the applications or enrollment forms, if any, of the *covered persons*. All statements made by the *group plan sponsor* or by a *covered person* are considered to be representations, not warranties. This means that the statements are made in good faith. No statement will void the *master group contract*, reduce the benefits it provides or be used in defense to a claim unless it is contained in a written or *electronic* application or enrollment form and a copy is furnished to the person making such statement or his or her beneficiary.

H232000GA 03/10

Additional group plan sponsor responsibilities

In addition to responsibilities outlined in the *master group contract*, the *group plan sponsor* is responsible for:

- Collection of premium; and
- Providing access to:
 - Benefit plan documents;
 - Renewal notices and *master group contract* modification information;
 - Product discontinuance notices; and
 - Information regarding continuation rights.

No *group plan sponsor* has the power to change or waive any provision of the *master group contract*.

H232100 11/12

Certificates

A printed *certificate* will be furnished to the *employer*. The *employer* shall deliver an individual certificate to each *employee*. Additionally, the *certificate* will be available to the *employer* and *employee* at www.humana.com or in writing when requested.

H232200GA 11/12

This *certificate* is part of the *master group contract* that controls *our* obligations regarding coverage. No document that is viewed as being not consistent with the *master group contract* shall take precedence over it. This is true, also, when the *certificate* is incorporated by reference into a summary description of plan benefits prepared and distributed by the administrator of a group plan subject to ERISA. This *certificate* is not subject to the ERISA style and content conventions that apply to summary plan descriptions. So if the terms of a summary plan description appear to differ with the terms of this *certificate* respecting coverage, the terms of this *certificate* will control.

H232300

MISCELLANEOUS PROVISIONS (continued)

Incontestability

No misstatement made by the *group plan sponsor*, except for fraud or an intentional misrepresentation of a material fact made in the application may be used to void the *master group contract*.

After *you* are covered without interruption for two years, *we* cannot contest the validity of *your* coverage except for:

- Nonpayment of premiums; or
- Any fraud or intentional misrepresentation of a material fact made by *you*.

At any time, *we* may assert defenses based upon provisions in the *master group contract* which relate to *your* eligibility for coverage under the *master group contract*.

No statement made by *you* can be contested unless it is in a written or *electronic* form signed by *you*. A copy of the form must be given to *you* or *your* beneficiary.

An independent incontestability period begins for each type of change in coverage or when a new application or enrollment form of the *covered person* is completed.

H232400 11/12

Fraud

Health insurance fraud is a criminal offense that can be prosecuted. Any person(s) who willingly and knowingly engages in an activity intended to defraud *us* by filing a claim or form that contains a false or deceptive statement may be guilty of insurance fraud.

If *you* commit fraud against *us* or with *your* consent *your employer* knowingly submits incorrect or misleading information in the application pertaining to *you* against *us*, as determined by *us*, *we* reserve the right to *rescind your* coverage after *we* provide *you* a 30 calendar day advance written notice that coverage will be *rescinded*. *You* have the right to appeal the *rescission*.

H232500GA 11/12

Clerical error or misstatement

If it is determined that information about a *covered person* was omitted or misstated in error, an adjustment may be made in premiums and/or coverage in effect. This provision applies to *you* and to *us*.

H232600 11/12

MISCELLANEOUS PROVISIONS (continued)

Modification of master group contract

The *master group contract* may be modified at any time by agreement between *us* and the *group plan sponsor* without the consent of any *covered person* or any beneficiary. No modification will be valid unless approved by *our* President, Secretary or Vice-President. The approval must be endorsed on or attached to the *master group contract*. No agent has authority to modify the *master group contract*, or waive any of the *master group contract* provisions, to extend the time of premium payment, or bind *us* by making any promise or representation.

The *master group contract* may be modified by *us* at anytime without prior consent of, or notice to, the *group plan sponsor* when the changes are:

- Allowed by state or federal law or regulation;
- Directed by the state agency that regulates insurance;
- Benefit increases that do not impact premium; or
- Corrections of clerical errors or clarifications that do not reduce benefits.

Modifications due to reasons other than those listed above, may be made by *us*, upon renewal of the *master group contract*, in accordance with state and federal law. The *group plan sponsor* will be notified in writing or *electronically* at least 90 days prior to the effective date of such changes. Although *group plan sponsor* consent is not required, the payment of premium after the effective date of such change constitutes the *group plan sponsor's* consent to change.

H232700GA 12/10

Premium contributions

Your employer must pay the required premium to *us* as they become due. *Your employer* may require *you* to contribute toward the cost of *your* coverage. Failure of *your employer* to pay any required premium to *us* when due may result in the termination of *your* coverage. If the required premium is not paid by the end of the 31 day grace period, this *master group contract* will terminate effective as of the last day of the month for which the last premium was received. Any claims incurred after the last day of the month for which premium was received are the responsibility of the *group plan sponsor*.

If the *covered person* is *totally disabled* when coverage terminates, we will extend limited coverage as described in "Extension of Benefits."

H232800GA 06/05

Premium rate change

We reserve the right to change any premium rates, provided the change in rates will not apply to existing master group sponsor, who has not been effective under this *master group contract* for 12 consecutive months, in accordance with applicable law upon notice to the *employer*. We will provide notice to the *employer* of any such premium changes at least 60 days prior to the effective date of the premium increase. Questions regarding changes to premium rates should be addressed to the *employer*.

H232900GA 03/05

MISCELLANEOUS PROVISIONS (continued)

Small employers rate disclosure

You may request information on how we determine premium rates by calling the Customer Service telephone number found on the back of *your* member identification card.

H232950GA 02/06

Assignment

The *master group contract* and its benefits may not be assigned by the *group plan sponsor*.

H233100

Conformity with statutes

Any provision of the *master group contract* which is not in conformity with applicable state law(s) or other applicable law(s) shall not be rendered invalid, but shall be construed and applied as if it were in full compliance with the applicable state law(s) and other applicable law(s).

About our drug list

The most common *prescription* drugs, medicines, and medications, *specialty drugs* and *self-administered injectable drugs* prescribed by *health care practitioners* and covered by us are specified on our printable *drug list*. The *drug list* identifies categories of drugs, medicines or medications by levels. It also indicates *dispensing limits* and any applicable *prior authorization* or *step therapy* requirements. This information is reviewed on a regular basis by a Pharmacy and Therapeutics committee made up of physicians and *pharmacists*. Placement on the *drug list* does not guarantee *your health care practitioner* will prescribe that *prescription* drug, medicine, or medication for a particular medical condition.

You can obtain a copy of our *drug list* by visiting our Website at www.humana.com or calling the customer service telephone number on *your* identification card. If a specific drug, medicine or medication is not listed on the *drug list*, you may contact us by phone or in writing with a request to determine whether a specific drug or *specialty drug* is included on our *drug list*. An exception request for clinically appropriate drugs not included on our *drug list* may be initiated by you, your appointed representative, or the *health care practitioner* prescribing the drug by calling our toll-free customer service number listed on *your* ID card. We will respond to the exception request no later than the fifth business day after the receipt date of the request.

An expedited review request based on exigent circumstances may be initiated by you, your appointed representative, or your prescribing *health care practitioner* for clinically appropriate drugs not included on our *drug list*. We will respond to the expedited review request within 24 hours after receipt of the request. An exigent circumstance exists when a *covered person* is:

- Suffering from a health condition that may seriously jeopardize their life, health, or ability to regain maximum function; or
- Undergoing a current course of treatment using a drug not included on the *drug list*.

PRESCRIPTION DRUG EXPEDITED REVIEW AMENDMENT (continued)

As part of the expedited review request, the prescribing *health care practitioner* should include an oral or written:

- Statement that an exigent circumstance exists and explain the harm that could reasonably be expected to the *covered person* if the requested drug is not provided within the timeframes of the standard drug exception request process; and
- Justification supporting the need for the prescribed drug not included on the *drug list* to treat the *covered person's* condition, including a statement that:
 - All covered drugs on the *drug list* on any tier will be or have been ineffective;
 - Would not be as effective as the drug not included on the *drug list*; or
 - Would have adverse effects.

If we grant an exception for coverage of the prescribed drug that is not on the *drug list* based on exigent circumstances, we will provide access to the prescribed drug:

- Without unreasonable delay; and
- For the duration of the exigent circumstance.

Federal legislation

Women's health and cancer rights act of 1998

Required coverage for reconstructive surgery following mastectomies

Under federal law, group health plans and health insurance issuers offering group health insurance providing medical and surgical benefits with respect to mastectomy shall provide, in a case of a participant or beneficiary who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with such mastectomy, coverage for:

- Reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce symmetrical appearance; and
- Prostheses and physical complications of all stages of mastectomy, including lymphedemas;

in a manner determined in consultation with the attending physician and the patient. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and as are consistent with those established for other benefits under the plan.

Statement of rights under the newborns' and mothers' health protection act (NMHPA)

If your plan covers normal pregnancy benefits, the following notice applies to you.

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, group health plans and health insurance issuers may not set the level of benefits or out-of-pocket costs so any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a group health plan or health insurance issuer may not, under federal law, require a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-authorization. For information on pre-authorization, contact your plan administrator.

FEDERAL NOTICES (continued)

Medical child support orders

An individual who is a child of a covered employee shall be enrolled for coverage under the group health plan in accordance with the direction of a Qualified Medical Child Support Order (QMCSO) or a National Medical Support Notice (NMSO).

A QMCSO is a state-court order or judgment, including approval of a settlement agreement that:

- Provides for support of a covered employee's child;
- Provides for health care coverage for that child;
- Is made under state domestic relations law (including a community property law);
- Relates to benefits under the group health plan; and
- Is "qualified," i.e., it meets the technical requirements of ERISA or applicable state law.

QMCSO also means a state court order or judgment enforcing state Medicaid law regarding medical child support required by the Social Security Act §1908 (as added by Omnibus Budget Reconciliation Act of 1993).

An NMSO is a notice issued by an appropriate agency of a state or local government that is similar to a QMCSO requiring coverage under the group health plan for a dependent child of a non-custodial parent who is (or will become) a covered person by a domestic relations order providing for health care coverage.

Procedures for determining the qualified status of medical child support orders are available at no cost upon request from the plan administrator.

General notice of COBRA continuation coverage rights

Introduction

You are getting this notice because you recently gained coverage under a group health plan (the Plan). This notice has important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect your right to get it.** When you become eligible for COBRA, you may also become eligible for other coverage options that may cost less than COBRA continuation coverage.

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group health coverage would otherwise end. For more information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

FEDERAL NOTICES (continued)

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage?

COBRA continuation coverage is a continuation of Plan coverage when it would otherwise end because of a life event. This is also called a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary". You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you to lose your coverage under the Plan because of the following qualifying events:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you to lose your coverage under the Plan because of the following qualifying events:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following events:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes entitled to Medicare benefits (Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the plan as a "dependent child".

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

FEDERAL NOTICES (continued)

When is COBRA coverage available?

The plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of the following qualifying events:

- The end of employment or reduction of hours of employment;
- Death of the employee;
- Commencement of a proceeding in bankruptcy with respect to the employer; or
- The employee's becoming entitled to Medicare benefits (under Part A, Part B, or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs.

How is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events, or a second qualifying event during the initial period of coverage, may permit a beneficiary to receive a maximum of 36 months of coverage.

There are also ways in which this 18-month period of COBRA continuation coverage can be extended:

- ***Disability extension of 18-month period of continuation coverage*** - If you or anyone in your family covered under the Plan is determined by Social Security to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to get up to an additional 11 months of COBRA continuation coverage, for a maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage;
- ***Second qualifying event extension of 18-month period of continuation coverage*** - If your family experiences another qualifying event during the 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children getting COBRA continuation coverage if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B, or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

FEDERAL NOTICES (continued)

Are there other coverage options besides COBRA Continuation Coverage?

Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period". Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

If you have questions

Questions concerning your Plan or your COBRA continuation coverage rights should be addressed to the contact or contacts identified below. For more information about your rights under the Employee Retirement Income Security Act (ERISA), including COBRA, the Patient Protection and Affordable Care Act, and other laws affecting your group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit www.dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.) For more information about the Marketplace, visit www.HealthCare.gov.

FEDERAL NOTICES (continued)

Important notice for individuals entitled to Medicare tax equity and fiscal responsibility act of 1982 (TEFRA) options

Where an employer employs more than 20 people, the Tax Equity And Fiscal Responsibility Act of 1982 (TEFRA) allows covered employees in active service who are age 65 or older and their covered spouses who are eligible for Medicare to choose one of the following options:

- **Option 1** - The benefits of their group health plan will be payable first and the benefits of Medicare will be payable second.
- **Option 2** - Medicare benefits only. The employee and his or her dependents, if any, will not be insured by the group health plan.

The employer must provide each covered employee and each covered spouse with the choice to elect one of these options at least one month before the covered employee or the insured spouse becomes age 65. All new covered employees and newly covered spouses age 65 or older must be offered these options. If Option 1 is chosen, its issue is subject to the same requirements as for an employee or dependent that is under age 65.

Under TEFRA regulations, there are two categories of persons eligible for Medicare. The calculation and payment of benefits by the group health plan differs for each category.

- **Category 1** Medicare eligibles are:
 - Covered employees in active service who are age 65 or older who choose Option 1;
 - Age 65 or older covered spouses; and
 - Age 65 or older covered spouses of employees in active service who are either under age 65 or age 70 or older;
- **Category 2** Medicare eligibles are any other covered persons entitled to Medicare, whether or not they enrolled. This category includes, but is not limited to:
 - Retired employees and their spouses; or
 - Covered dependents of a covered employee, other than his or her spouse.

Calculation and payment of benefits

For covered persons in Category 1, benefits are payable by the policy without regard to any benefits payable by Medicare. Medicare will then determine its benefits.

For covered persons in Category 2, Medicare benefits are payable before any benefits are payable by the policy. The benefits of the policy will then be reduced by the full amount of all Medicare benefits the covered person is entitled to receive, whether or not the eligible individual is actually enrolled for Medicare Benefits.

FEDERAL NOTICES (continued)

Family and Medical Leave Act (FMLA)

If an employee is granted a leave of absence (Leave) by the employer as required by the Federal Family and Medical Leave Act, s/he may continue to be covered under the plan for the duration of the Leave under the same conditions as other employees who are currently employed and covered by the plan. If the employee chooses to terminate coverage during the Leave, or if coverage terminates as a result of nonpayment of any required contribution, coverage may be reinstated on the date the employee returns to work immediately following the end of the Leave. Charges incurred after the date of reinstatement will be paid as if the employee had been continuously covered.

Uniformed services employment and reemployment rights act of 1994 (USERRA)

Continuation of benefits

Effective October 13, 1994, federal law requires health plans offer to continue coverage for employees that are absent due to service in the uniformed services and/or dependents.

Eligibility

An employee is eligible for continuation under USERRA if he or she is absent from employment because of voluntary or involuntary performance of duty in the Armed Forces, Army National Guard, Air National Guard, or commissioned corps of the Public Health Service. Duty includes absence for active duty, active duty for training, initial active duty for training, inactive duty training and for the purpose of an examination to determine fitness for duty.

An employee's dependents that have coverage under the plan immediately prior to the date of the employee's covered absence are eligible to elect continuation under USERRA.

If continuation of Plan coverage is elected under USERRA, the employee or dependent is responsible for payment of the applicable cost of coverage. If the employee is absent for not longer than 31 days, the cost will be the amount the employee would otherwise pay for coverage. For absences exceeding 30 days, the cost may be up to 102% of the cost of coverage under the plan. This includes the employee's share and any portion previously paid by the employer.

FEDERAL NOTICES (continued)

Duration of coverage

If elected, continuation coverage under USERRA will continue until the earlier of:

- 24 months beginning the first day of absence from employment due to service in the uniformed services; or
- The day after the employee fails to apply for a return to employment as required by USERRA, after the completion of a period of service.

Under federal law, the period coverage available under USERRA shall run concurrently with the COBRA period available to an employee and/or eligible dependent.

Other information

Employees should contact their employer with any questions regarding coverage normally available during a military leave of absence or continuation coverage and notify the employer of any changes in marital status, or change of address.

Your rights under the Employee Retirement Income Security Act of 1974 (ERISA)

Under ERISA, all plan participants covered by ERISA are entitled to certain rights and protections, as described below. Notwithstanding anything in the group health plan or group insurance policy, following are a covered person's minimum rights under ERISA. ERISA requirements do not apply to plans maintained by governmental agencies or churches.

Information about the plan and benefits

Plan participants may:

- Examine, free of charge, all documents governing the plan. These documents are available in the plan administrator's office;
- Obtain, at a reasonable charge, copies of documents governing the plan, including a copy of any updated summary plan description and a copy of the latest annual report for the plan (Form 5500), if any, by writing to the plan administrator;
- Obtain, at a reasonable charge, a copy of the latest annual report (Form 5500) for the plan, if any, by writing to the plan administrator.

FEDERAL NOTICES (continued)

As a plan participant, you will receive a summary of any material changes made in the plan within 210 days after the end of the plan year in which the changes are made unless the change is a material reduction in covered services or benefits, in which case you will receive a summary of the material reduction within 60 days after the date of its adoption.

If the plan is required to file a summary annual financial report, you will receive a copy from the plan administrator.

Responsibilities of plan fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the plan. These people, called "fiduciaries" of the plan, have a duty to act prudently and in the interest of plan participants and beneficiaries.

No one, including an employer, may discharge or otherwise discriminate against a plan participant in any way to prevent the participant from obtaining a benefit to which the participant is otherwise entitled under the plan or from exercising ERISA rights.

Continue group health plan coverage

Participants may be eligible to continue health care coverage for themselves, their spouse or dependents if there is a loss of coverage under the group health plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review the COBRA notice in this document regarding the rules governing COBRA continuation coverage rights.

Claims determinations

If a claim for a plan benefit is denied or disregarded, in whole or in part, participants have the right to know why this was done, to obtain copies of documents relating to the decision without charge and to appeal any denial within certain time schedules.

Enforce your rights

Under ERISA, there are steps participants may take to enforce the above rights. For instance:

- If a participant requests a copy of plan documents and does not receive them within 30 days, the participant may file suit in a Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to \$110 a day until the participant receives the materials, unless the materials were not sent because of reasons beyond the control of the plan administrator;

FEDERAL NOTICES (continued)

- If a claim for benefits is denied or disregarded, in whole or in part, the participant may file suit in a state or Federal court;
- If the participant disagrees with the plan's decision, or lack thereof, concerning the qualified status of a domestic relations order or a medical child support order, the participant may file suit in Federal court;
- If plan fiduciaries misuse the plan's money, or if participants are discriminated against for asserting their rights, they may seek assistance from the U.S. Department of Labor, or may file suit in a Federal court.

The court will decide who should pay court costs and legal fees. If the participant is successful, the court may order the person sued to pay costs and fees. If the participant loses, the court may order the participant to pay the costs and fees.

Assistance with questions

- Contact the group health plan human resources department or the plan administrator with questions about the plan;
- For questions about ERISA rights, contact the nearest area office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or:

The Division of Technical Assistance and Inquiries
Employee Benefits Security Administration
U.S. Department of Labor
200 Constitution Avenue N.W.
Washington, D.C. 20210;

- Call the publications hotline of the Employee Benefits Security Administration to obtain publications about ERISA rights.

FEDERAL NOTICES (continued)

Patient Protection Act

Humana generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit our Website at www.humana.com or call the customer service telephone number on your identification card.

If your plan provides coverage for obstetric or gynecological care, you do not need prior authorization from us or from any other person (including a primary care provider) in order to obtain access to this care from a health care professional in our network who specialize in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, visit our Website at www.humana.com or call the customer service telephone number on your identification card.

 - There is no available standard service covered by the plan that is more beneficial to you than the recommended or requested service.
 - The treating physician certifies in writing:
 - The recommended service is likely to be more beneficial to you, in the physician's opinion, than any available standard services; or
 - Scientifically valid studies using accepted protocols demonstrate the service is likely to be more beneficial to you than any available standard services and the physician is a licensed, board certified or board eligible physician qualified to practice in the area of medicine appropriate to treat your condition.
- The internal appeals process has been exhausted as specified under the "Exhaustion of remedies" section;
- You have provided all information required to process an *external review*; including:
 - An *external review* request form provided with the *adverse benefit determination* or *final adverse benefit determination*; and
 - Release forms authorizing us to disclose protected health information that is pertinent to the *external review*.

Post-service claim means any claim for a benefit under a *group health plan* that is not a *pre-service claim*.

Pre-service claim means a request for authorization of a benefit for which the plan conditions receipt of the benefit, in whole or in part, on advance approval.

Urgent-care claim means a claim for covered services to which the application of the time periods for making non-urgent care determinations:

- Could seriously jeopardize the life or health of the covered person or the ability of the covered person to regain maximum function; or
- In the opinion of a physician with knowledge of the covered person's medical condition, would subject the covered person to severe pain that cannot be adequately managed without the service that is the subject of the claim.

Humana will make a determination of whether a claim is an *urgent-care claim*. However, any claim a physician, with knowledge of a covered person's medical condition, determines is an "*urgent-care claim*" will be treated as a "claim involving urgent care".

Claim procedures

Discretionary authority

With respect to paying claims for benefits or determining eligibility for coverage under a policy issued by Humana, Humana as administrator for claims determinations and as ERISA claims review fiduciary, shall have full and exclusive discretionary authority to:

- Interpret plan provisions;
- Make decisions regarding eligibility for coverage and benefits; and
- Resolve factual questions relating to coverage and benefits.

Submitting a claim

This section describes how a *claimant* files a claim for plan benefits. A claim must be filed in writing and delivered by mail, postage prepaid, by FAX or e-mail. A request for pre-authorization may be filed by telephone. The claim or request for pre-authorization must be submitted to Humana or to Humana's designee at the address indicated in the covered person's benefit plan document or identification card. This is particularly important with respect to mental health coordinators and other providers to whom Humana has delegated responsibility for claims administration. Claims will be not be deemed submitted for purposes of these procedures unless and until received at the correct address.

Claims submissions must be in a format acceptable to Humana and compliant with any legal requirements. Claims not submitted in accordance with the requirements of applicable federal law respecting privacy of protected health information and/or electronic claims standards will not be accepted by Humana.

Claims submissions must be timely. Claims must be filed as soon as reasonably possible after they are incurred, and in no event later than the period of time described in the benefit plan document.

Claims submissions must be complete and delivered to the designated address. At a minimum they must include:

- Name of the covered person who incurred the covered expense;
- Name and address of the provider;
- Diagnosis;
- Procedure or nature of the treatment;
- Place of service;
- Date of service; and
- Billed amount.

Presentation of a prescription to a pharmacy does not constitute a claim for benefits under the plan. If a covered person is required to pay the cost of a covered prescription drug, he or she may submit a written claim for plan benefits to Humana.

A general request for an interpretation of plan provisions will not be considered a claim. Requests of this type, such as a request for an interpretation of the eligibility provisions of the plan, should be directed to the plan administrator.

Appeal and External Review Notice (continued)

Failure to provide necessary information

If a *pre-service claim* submission is not made in accordance with the plan's requirements, Humana will notify the *claimant* of the problem and how it may be remedied within five days (or as soon as possible but not more than 24 hours, in the case of an *urgent-care claim*). If a *post-service claim* is not made in accordance with the plan's requirement, it will be returned to the submitter.

Authorized representatives

A covered person may designate an authorized representative to act on his or her behalf in pursuing a benefit claim, an internal appeal or an *external review*. The authorization must be in writing and authorize disclosure of health information. If a document is not sufficient to constitute designation of an authorized representative, as determined by Humana, the plan will not consider a designation to have been made. An assignment of benefits does not constitute designation of an authorized representative.

Any document designating an authorized representative must be submitted to Humana in advance or at the time an authorized representative commences a course of action on behalf of the covered person. Humana may verify the designation with the covered person prior to recognizing authorized representative status.

In any event, a health care provider with knowledge of a covered person's medical condition acting in connection with an *urgent-care claim* will be recognized by the plan as the covered person's authorized representative.

Covered persons should carefully consider whether to designate an authorized representative. Circumstances may arise under which an authorized representative may make decisions independent of the covered person, such as whether and how to appeal a claim denial.

Claims decisions

After a determination on a claim is made, Humana will notify the *claimant* within a reasonable time, as follows:

- ***Pre-service claims*** - Humana will provide notice of a favorable or *adverse benefit determination* within a reasonable time appropriate to the medical circumstances but no later than 15 days after the plan receives the claim.

This period may be extended by an additional 15 days, if Humana determines the extension is necessary due to matters beyond the control of the plan. Before the end of the initial 15-day period, Humana will notify the *claimant* of the circumstances requiring the extension and the date by which Humana expects to make a decision.

If the reason for the extension is because Humana does not have enough information to decide the claim, the notice of extension will describe the required information, and the *claimant* will have at least 45 days from the date the notice is received to provide the necessary information.

Appeal and External Review Notice (continued)

- ***Urgent-care claims*** - Humana will determine whether a particular claim is an *urgent-care claim*. This determination will be based on information furnished by or on behalf of a covered person. Humana will exercise its judgment when making the determination with deference to the judgment of a physician with knowledge of the covered person's condition. Humana may require a *claimant* to clarify the medical urgency and circumstances supporting the *urgent-care claim* for expedited decision-making.

Notice of a favorable or *adverse benefit determination* will be made by Humana as soon as possible, taking into account the medical urgency particular to the covered person's situation, but not later than 24 hours after receiving the *urgent-care claim*.

If a claim does not provide sufficient information to determine whether, or to what extent, services are covered under the plan, Humana will notify the *claimant* as soon as possible, but not more than 24 hours after receiving the *urgent-care claim*. The notice will describe the specific information necessary to complete the claim. The *claimant* will have a reasonable amount of time, taking into account the covered person's circumstances, to provide the necessary information – but not less than 48 hours.

Humana will provide notice of the plan's *urgent-care claim* determination as soon as possible but no more than 48 hours after the earlier of:

- The plan receives the specified information; or
 - The end of the period afforded the *claimant* to provide the specified additional information.
- ***Concurrent-care decisions*** - Humana will notify a *claimant* of a *concurrent-care decision* involving a reduction or termination of pre-authorized benefits sufficiently in advance of the reduction or termination to allow the *claimant* to appeal and obtain a determination.

Humana will decide *urgent-care claims* involving an extension of a course of treatment as soon as possible taking into account medical circumstances. Humana will notify a *claimant* of the benefit determination, whether adverse or not, within 24 hours after the plan receives the claim, provided the claim is submitted to the plan 24 hours prior to the expiration of the prescribed period of time or number of treatments.

- ***Post-service claims*** - Humana will provide notice of a favorable or *adverse benefit determination* within a reasonable time appropriate to the medical circumstances but no later than 30 days after the plan receives the claim.

Appeal and External Review Notice (continued)

This period may be extended an additional 15 days, if Humana determines the extension is necessary due to matters beyond the plan's control. Before the end of the initial 30-day period, Humana will notify the affected *claimant* of the extension, the circumstances requiring the extension and the date by which the plan expects to make a decision.

If the reason for the extension is because Humana does not have enough information to decide the claim, the notice of extension will describe the required information, and the *claimant* will have at least 45 days from the date the notice is received to provide the specified information. Humana will make a decision on the earlier of the date on which the *claimant* responds or the expiration of the time allowed for submission of the requested information.

Initial denial notices

Notice of a claim denial (including a partial denial) will be provided to *claimants* by mail, postage prepaid, by FAX or by e-mail, as appropriate, within the time frames noted above. With respect to adverse decisions involving *urgent-care claims*, notice may be provided to *claimants* orally within the time frames noted above. If oral notice is given, written notification must be provided no later than three days after oral notification.

A claims denial notice will convey the specific reason for the *adverse benefit determination* and the specific plan provisions upon which the determination is based. The notice will also include a description of any additional information necessary to perfect the claim and an explanation of why such information is necessary. The notice will disclose if any internal plan rule, protocol or similar criterion was relied upon to deny the claim and a copy of the rule, protocol or similar criterion will be provided to *claimants*, free of charge. In addition to the information provided in the notice, a *claimant* has the right to request the diagnosis and treatment codes and descriptions upon which the determination is based.

The notice will describe the plan's review procedures and the time limits applicable to such procedures, including a statement of the *claimant's* right to bring a civil action under ERISA Section 502(a) following an *adverse benefit determination* on review.

If an *adverse benefit determination* is based on medical necessity, experimental treatment or similar exclusion or limitation, the notice will provide an explanation of the scientific or clinical basis for the determination, free of charge. The explanation will apply the terms of the plan to the covered person's medical circumstances.

In the case of an adverse decision of an *urgent-care claim*, the notice will provide a description of the plan's expedited review procedures.

Appeal and External Review Notice (continued)

Internal appeals and external review of adverse benefit determinations

Internal appeals

A *claimant* must appeal an *adverse benefit determination* within 180 days after receiving written notice of the denial (or partial denial). An appeal may be made by a *claimant* by means of written application to Humana, in person, or by mail, postage prepaid.

A *claimant*, on appeal, may request an expedited internal appeal of an adverse *urgent-care claim* decision orally or in writing. In such case, all necessary information, including the plan's benefit determination on review, will be transmitted between the plan and the *claimant* by telephone, FAX, or other available similarly expeditious method, to the extent permitted by applicable law.

A *claimant* may request an expedited *external review* at the same time a request is made for an expedited internal appeal of an *adverse benefit determination* for an *urgent-care claim* or when you are receiving an ongoing course of treatment.

Determination of appeals of denied claims will be conducted promptly, will not defer to the initial determination and will not be made by the person who made the initial adverse claim determination or a subordinate of that person. The determination will take into account all comments, documents, records, and other information submitted by the *claimant* relating to the claim.

On appeal, a *claimant* may review relevant documents and may submit issues and comments in writing. A *claimant* on appeal may, upon request, discover the identity of medical or vocational experts whose advice was obtained on behalf of the plan in connection with the *adverse benefit determination* being appealed, as permitted under applicable law.

If the claims denial is based in whole, or in part, upon a medical judgment, including determinations as to whether a particular treatment, drug, or other service is experimental, investigational, or not medically necessary or appropriate, the person deciding the appeal will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment. The consulting health care professional will not be the same person who decided the initial appeal or a subordinate of that person.

If new or additional evidence is relied upon or if new or additional rational is used during the internal appeal process, Humana will provide the *claimant*, free of charge, the evidence or rational as soon as possible and in advance of the appeals decision in order to provide the *claimant* a reasonable opportunity to respond.

Appeal and External Review Notice (continued)

Time periods for decisions on appeal

Appeals of claims denials will be decided and notice of the decision provided as follows:

- ***Urgent-care claims*** - As soon as possible but not later than 72 hours after Humana receives the appeal request;
- ***Pre-service claims*** - Within a reasonable period but not later than 30 days after Humana received the appeal request;
- ***Post-service claims*** - Within a reasonable period but not later than 60 days after Humana receives the appeal request;
- ***Concurrent-care decisions*** - Within the time periods specified above depending on the type of claim involved.

Appeals denial notices

Notice of a claim denial (including a partial denial) will be provided to *claimants* by mail, postage prepaid, by FAX or by e-mail, as appropriate, within the time periods noted above.

A notice that a claim appeal has been denied will include:

- The specific reason or reasons for the *adverse benefit determination*;
- Reference to the specific plan provision upon which the determination is based;
- If any internal plan rule, protocol or similar criterion was relied upon to deny the claim. A copy of the rule, protocol or similar criterion will be provided to the *claimant*, free of charge;
- A statement of the *claimant's* right to *external review*, a description of the *external review* process, and the forms for submitting an *external review* request, including release forms authorizing Humana to disclose protected health information pertinent to the *external review*;
- A statement about the *claimant's* right to bring an action under §502(a) of ERISA;
- If an *adverse benefit determination* is based on medical necessity, experimental treatment or similar exclusion or limitation, the notice will provide an explanation of the scientific or clinical basis for the determination, free of charge. The explanation will apply the terms of the plan to the covered person's medical circumstances.

In addition to the information provided in the notice, a *claimant* has the right to request the diagnosis and treatment codes and descriptions upon which the determination is based.

Appeal and External Review Notice (continued)

Exhaustion of remedies

Upon completion of the internal appeals process under this section, a *claimant* will have exhausted his or her administrative remedies under the plan. If Humana fails to adhere to all requirements of the internal appeal process, except for failures that are based on a minimal error, the claim shall be deemed to have been denied and the *claimant* may request an *external review*.

After exhaustion of remedies, a *claimant* may pursue any other legal remedies available, which may include bringing civil action under ERISA section 502(a) for judicial review of the plan's determination. Additional information may be available from the local U.S. Department of Labor Office.

External review

Within four months after a *claimant* receives notice of an *adverse benefit determination* or *final adverse benefit determination* the *claimant* may request an *external review* if the determination concerns treatment that is *experimental*, *investigational* or not *medically necessary* or the determination concerns a rescission of coverage. The request for *external review* must be made in writing to the *commissioner*. The *claimant* may be assessed a \$25 filing fee that will be refunded if the *adverse benefit determination* is overturned. This fee may be waived with proof of financial hardship. The annual limit on filing fees for any *claimant* within a single plan year will not exceed \$75. Please refer to the section titled "Expedited external review" if the *adverse benefit determination* involves an *urgent-care claim* or an ongoing course of treatment.

Within one business day after the receipt of a request for *external review*, the *commissioner* will send a copy of the request to Humana. Within five business days, we will complete a *preliminary review* of the request.

Within one business day after we complete the *preliminary review*, we will notify the *claimant* and the *commissioner* in writing whether:

- The request is complete and is eligible for *external review*;
- The request is not complete and the information or materials needed to make the request complete; or
- The request is not eligible for *external review*, the reasons for ineligibility and the *claimant's* right to appeal to the *commissioner*. If appealed, the *commissioner* may determine that the request is eligible for *external review*.

Within one business day after the *commissioner* receives notice that the request is eligible for *external review*, the *commissioner* will:

- Impartially assign an *IRO* from a list compiled and maintained by the *commissioner* to conduct the *external review*;
- Provide Humana with the name of the *IRO*. Within five business days after the date of receipt of this notice, we will provide the *IRO* with all documents and information we considered in making the *adverse benefit determination* or *final adverse benefit determination*;

Appeal and External Review Notice (continued)

- Notify the *claimant* in writing of the following:
 - The eligibility of the request and acceptance for *external review*; and
 - The right to submit additional information in writing to the *IRO* and the time limits to submit the information.

Any information received by the *IRO* will be forwarded to Humana within one business day of receipt. Upon receipt of additional information, we may reconsider the *adverse benefit determination* or *final adverse benefit determination*. If we reverse the *adverse benefit determination* or *final adverse benefit determination*, the *external review* will be terminated and we will provide coverage for the service. We will immediately notify the *claimant*, the *IRO*, and the *commissioner* in writing of our decision.

The *IRO* will review all of the information received including, if available and considered appropriate the following:

- Your medical records;
- The attending healthcare professional's recommendation;
- Consulting reports from appropriate healthcare professionals and other documents submitted by Humana, the *claimant*, and treating provider;
- The terms of the coverage under the plan;
- The most appropriate practice guidelines, which will include applicable *evidence-based standards* and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations;
- Any applicable clinical review criteria developed and used by Humana; and
- The opinion of the *IRO's clinical peer reviewer* or reviewers after considering the information and documents listed above.

Appeal and External Review Notice (continued)

If the *external review* involves experimental or investigational treatment, within one business day after the *IRO* receives notice of assignment to conduct the *external review*, the *IRO* will select one or more *clinical peer reviewers* to conduct the *external review*. The *clinical peer reviewer* will review all of the information and within 20 days after being selected, will provide a written opinion to the *IRO* on whether the service should be covered. The written opinion will include:

- A description of the medical condition;
- A description of the indicators relevant to determining whether there is sufficient evidence to demonstrate that the service is more likely than not to be beneficial to you than any available standard services;
- The adverse risks of the service would not be substantially increased over those of available standard services;
- A description and analysis of any *medical or scientific evidence*, or *evidence-based standard* considered in reaching the opinion;
- Information on whether the reviewer's rationale for the opinion is based on either:
 - The service has been approved by the federal Food and Drug Administration, if applicable, for the condition; or
 - *Medical or scientific evidence* or *evidence-based standards* demonstrate that the expected benefits of the service is more likely than not to be beneficial to you than any available standard health care service and the adverse risks of the service would not be substantially increased over those of available standard services.

The *IRO's* decision to either uphold or reverse the *adverse benefit determination* or *final adverse benefit determination* will be provided in writing to the *claimant*, the *commissioner* and Humana within:

- 20 days after receipt of each *clinical peer reviewer* opinion for an experimental or investigational treatment; or
- 45 days after receipt of the request for an *external review*.

In the case of experimental or investigational treatment, if a majority of *clinical peer reviewers* recommend the service should be covered, the *IRO* will make a decision to reverse the *adverse benefit determination* or *final adverse benefit determination*. If a majority of *clinical peer reviewers* recommend the service should not be covered, the *IRO* will make a decision to uphold the *adverse benefit determination* or *final adverse benefit determination*. If the *clinical peer reviewers* are evenly split, the *IRO* will obtain the opinion of an additional *clinical peer reviewer* in order for the *IRO* to make a decision.

Appeal and External Review Notice (continued)

The *IRO*'s written notice of the decision will include:

- A general description of the reason for the request for *external review*;
- The date the *IRO* received the assignment from the *commissioner* to conduct the *external review*;
- The date the *external review* was conducted;
- The date of the *IRO*'s decision;
- The principal reason for the decision, including applicable *evidence-based standards*, if any, used as a basis for the decision;
- The rationale for the decision;
- References to the evidence or documentation, including the *evidence-based standards*, considered in reaching the decision; and
- In the case of experimental or investigational treatment, the written opinion and rationale for the recommendation of each *clinical peer reviewer*.

Immediately upon our receipt of the *IRO*'s decision reversing the *adverse benefit determination* or *final adverse determination*, we will approve the service.

Expedited external review

You may request an expedited *external review* from the *commissioner*:

- At the same time you request an expedited internal appeal of an *adverse benefit determination* for an *urgent-care claim* or when you are receiving an ongoing course of treatment; or
- When you receive an *adverse benefit determination* or *final adverse benefit determination* of:
 - An *urgent-care claim*;
 - An admission, availability of care, continued stay or health care service for which you received emergency services, but you have not been discharged from the facility; or
 - An experimental or investigational treatment if the treating physician certifies, in writing, that the recommended service would be significantly less effective if not promptly initiated.

The *commissioner* will immediately send a copy of the request to Humana and upon receipt; we will immediately complete a *preliminary review* of the request. We will immediately notify the *claimant* and the *commissioner* of the *preliminary review* determination. If we determine the request is not eligible, the notice will advise you of your right to appeal to the *commissioner*. If appealed, the *commissioner* may determine that the request is eligible for *external review*.

Immediately after the *commissioner* receives notice that the request is eligible for *external review*, the *commissioner* will:

- Impartially assign an *IRO* to conduct the expedited *external review*.
- Provide Humana with the name of the *IRO* and we will immediately provide the *IRO* with all necessary documents and information.

Appeal and External Review Notice (continued)

The *IRO* will review all of the information received including, if available and considered appropriate, the following:

- Your medical records;
- The attending healthcare professional's recommendation;
- Consulting reports from appropriate healthcare professionals and other documents submitted by Humana, the *claimant* and treating provider;
- The terms of the coverage under the plan;
- The most appropriate practice guidelines, which will include *evidence-based standards* and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards and associations;
- Any applicable clinical review criteria developed and used by Humana; and
- The opinion of the *IRO's clinical peer reviewer* or reviewers after considering the information and documents listed above.

If the expedited *external review* request involves experimental or investigational treatment, within one business day after the *IRO* receives notice of assignment to conduct the *external review*, the *IRO* will select one or more *clinical peer reviewers* to conduct the *external review*. The *clinical peer reviewer* will:

- Review all of the information noted above including whether:
 - The recommended service has been approved by the federal Food and Drug Administration, if applicable, for the condition; or
 - Medical or scientific evidence or *evidence-based standards* demonstrate that the expected benefits of the recommended service is more likely than not to be beneficial to you than any available standard service and the adverse risks of the recommended service would not be substantially increased over those of available standard services.
- Provide an opinion to the *IRO* as expeditiously as your condition or circumstances require, but in no event more than five calendar days after being selected.

The *IRO's* decision to either uphold or reverse the *adverse benefit determination* or *final adverse benefit determination* will be provided orally or in writing to the *claimant*, the *commissioner* and Humana within:

- 48 hours after receipt of each *clinical peer reviewer* opinion of an expedited *external review* for an experimental or investigational treatment; or
- 72 hours after the date of receipt of the request for an expedited *external review*.

Appeal and External Review Notice (continued)

In the case of experimental or investigational treatment, if a majority of *clinical peer reviewers* recommend the service should be covered, the *IRO* will make a decision to reverse the *adverse benefit determination* or *final adverse benefit determination*. If a majority of *clinical peer reviewers* recommend the service should not be covered, the *IRO* will make a decision to uphold the *adverse benefit determination* or *final adverse benefit determination*. If the *clinical peer reviewers* are evenly split, the *IRO* will obtain the opinion of an additional *clinical peer reviewer* in order for the *IRO* to make a decision.

The *IRO* will send written confirmation within 48 hours of an oral decision and will include:

- A general description of the reason for the request for an expedited *external review*;
- The date the *IRO* received the assignment from the *commissioner* to conduct the expedited *external review*;
- The date the expedited *external review* was conducted;
- The date of the *IRO's* decision;
- The principal reason for the decision, including applicable *evidence-based standards*, if any, used as a basis for the decision;
- The rationale for the decision;
- References to the evidence or documentation, including the *evidence-based standards*, considered in reaching the decision, except in the case of experimental or investigational treatment; and
- In the case of experimental or investigational treatment, the written opinion and rationale for the recommendation of each *clinical peer reviewer*.

Immediately upon receipt of the *IRO's* decision reversing the *adverse benefit determination* or *final adverse benefit determination*, we will approve the service.

Legal actions and limitations

No lawsuit may be brought with respect to plan benefits until all remedies under the plan have been exhausted.

No lawsuit with respect to plan benefits may be brought after the expiration of the applicable limitations period stated in the benefit plan document. If no limitation is stated in the benefit plan document, then no such suit may be brought after the expiration of the applicable limitations under applicable law.
