UnitedHealthcare Insurance Company of the River Valley

What Is the Certificate of Coverage?

This *Certificate of Coverage (Certificate)* is part of the Policy that is a legal document between UnitedHealthcare Insurance Company of the River Valley and the Group. The *Certificate* describes Covered Health Care Services, subject to the terms, conditions, exclusions and limitations of the Policy. We issue the Policy based on the Group's *Application* and payment of the required Policy Charges.

In addition to this *Certificate*, the Policy includes:

- The *Schedule of Benefits*.
- The Group's *Application*.
- Riders, including the *Outpatient Prescription Drug Rider*, the *Pediatric Dental Services Rider* and the *Pediatric Vision Care Services Rider*.
- Amendments.

You can review the Policy at the Group's office during regular business hours.

Can This Certificate Change?

We may, from time to time, change this *Certificate* by attaching legal documents called Riders and/or Amendments that may change certain provisions of this *Certificate*. When this happens we will send you a new *Certificate*, Rider or Amendment.

Other Information You Should Have

We have the right to change, interpret, withdraw or add Benefits, or to end the Policy, as permitted by law, without your approval.

On its effective date, this *Certificate* replaces and overrules any *Certificate* that we may have previously issued to you. This *Certificate* will in turn be overruled by any *Certificate* we issue to you in the future.

The Policy will take effect on the date shown in the Policy. Coverage under the Policy starts at 12:01 a.m. and ends at 12:00 midnight in the time zone of the Group's location. The Policy will remain in effect as long as the Policy Charges are paid when they are due, subject to *Section 4: When Coverage Ends*.

We are delivering the Policy in Georgia. The Policy is governed by ERISA unless the Group is not an employee health and welfare plan as defined by ERISA. To the extent that state law applies, Georgia law governs the Policy.

Your Responsibilities

Enrollment and Required Contributions

Benefits are available to you if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the requirements of the Policy issued to your Group, including the eligibility requirements.
- You must qualify as a Subscriber or a Dependent as those terms are defined in *Section 9: Defined Terms*.

Your Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy. If you have questions about this, contact your Group.

Be Aware the Policy Does Not Pay for All Health Care Services

The Policy does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. In general, Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Care Services from an out-of-Network provider, you are responsible for obtaining prior authorization before you receive the services. For detailed information on the Covered Health Care Services that require prior authorization, please refer to the *Schedule of Benefits*.

Pay Your Share

You must meet any applicable deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Co-payment and Co-insurance amounts are listed in the *Schedule of Benefits*. You must also pay any amount that exceeds the Allowed Amount.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with the Policy's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health care services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under the Policy for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage.

Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether the Policy will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the final authority to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may assign this authority to other persons or entities that may provide administrative services for the Policy, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the Policy.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Care Services Provided by Out-of-Network Providers

In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, as we determine, in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or provider by contacting us at www.myuhc.com or the telephone number on your ID card.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is

based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable methodology.

Offer Health Education Services to You

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

How Do We Use Headings in this Section?

To help you find exclusions, we use headings (for example *A. Alternative Treatments* below). The headings group services, treatments, items, or supplies that fall into a similar category. The services, treatments, items or supplies listed in this section are not Covered Health Care Services, except as may be specifically provided for in *Section 1: Covered Health Care Services* or through a Rider to the Policy.

Where Are Benefit Limitations Shown?

Section 3: When Coverage Begins

How Do You Enroll?

Eligible Persons must complete an enrollment form given to them by the Group. The Group will submit the completed forms to us, along with any required Premium. We will not provide Benefits for health care services that you receive before your effective date of coverage.

What If You Are Hospitalized When Your Coverage Begins?

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the Policy.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. For plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Care Services from Network providers.

Who Is Eligible for Coverage?

The Group determines who is eligible to enroll and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee or member of the Group who meets the eligibility rules. When an Eligible Person enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Group and Subscriber, see *Section 9: Defined Terms*.

Eligible Persons must live within the United States.

If both spouses are Eligible Persons of the Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date shown in the Policy. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

Open Enrollment Period

The Group sets the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Group. We must receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

Adding New Dependents

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.
- Registering a Domestic Partner.

Coverage for the Dependent begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan ended for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if any of the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period and coverage under the prior plan ended because of any of the following:

- Loss of eligibility (including legal separation, divorce or death).
- The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
- In the case of COBRA continuation coverage, the coverage ended.
- The Eligible Person and/or Dependent no longer resides, lives or works in an HMO service area if no other benefit option is available.
- The plan no longer offers benefits to a class of individuals that includes the Eligible Person and/or Dependent.
- The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event. We must receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, we may end the Policy and/or all similar benefit plans at any time for the reasons explained in the Policy.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended). Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that if you are subject to the *Extended Coverage for Total Disability* provision later in this section, entitlement to Benefits ends as described in that section.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

Your coverage ends on the date the Policy ends. In this event, the Group is responsible for notifying you that your coverage has ended. For non-payment of Premium, we will send a written notice to you within 14 days of the end of the grace period. This notice will include information regarding your continuation and conversion rights.

If we end the entire Policy because we will no longer issue this particular type of group health benefit plan within the applicable market, we will provide written notification to you at least 90 days prior to the Group's renewal date. If we end the entire Policy because we will no longer issue any type of health benefit plan, we will provide written notification to you and the applicable state authority at least 180 days prior to the Group's renewal date.

- **You Are No Longer Eligible**

Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends on the last day of the calendar month in which we receive the required notice from the Group to end your coverage, or on the date requested in the notice, if later.

- **Subscriber Retires or Is Pensioned**

The Group is responsible for providing the required notice to us to end your coverage. Your coverage ends the last day of the calendar month in which the Subscriber is retired or receiving benefits under the Group's pension or retirement plan.

This provision applies unless there is specific coverage classification for retired or pensioned persons in the Group's *Application*, and only if the Subscriber continues to meet any applicable eligibility requirements. The Group can provide you with specific information about what coverage is available for retirees.

Fraud or Intentional Misrepresentation of a Material Fact

We will provide at least 30 days advance required notice to the Subscriber that coverage will end on the date we identify in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

Note: If you disagree with a decision about terminating your coverage (not the entire Policy), termination will be delayed until you have exhausted the procedures outlined in *Section 6: Questions, Complaints and Appeals*.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental or physical handicap or disability.
- The Enrolled Dependent child depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the Policy.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician we choose examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Extended Coverage for Total Disability

Coverage when you are Totally Disabled on the date the entire Policy ends will not end automatically. We will extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Eighteen months from the date coverage would have ended when the entire Policy ends.

Continuation of Coverage and Conversion

If your coverage ends under the Policy, you may have the right to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under *COBRA* (the federal *Consolidated Omnibus Budget Reconciliation Act*) is available only to Groups that are subject to the terms of *COBRA*. Contact your plan administrator to find out if your Group is subject to the provisions of *COBRA*.

If you chose continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

Qualifying Events for Continuation Coverage under State Law

You are eligible for continuation coverage unless your coverage ended for any of the following reasons:

- Termination of your employment with the Group for misconduct.
- Termination of coverage for failure to make any required contributions to the Premium.
- The Policy with the Group was terminated and immediately replaced by similar coverage.

Notification Requirements and Election Period for Continuation Coverage under State Law

The Group will provide you with written notification of the right to continuation coverage under the Policy. You must elect continuation coverage the later of:

- 30 days from the date your coverage would otherwise end; or
- 30 days from the date you receive written notification.
- You should obtain an election form from the Group and, once election is made, forward all monthly Premiums to the Group for payment to us. Premiums are limited to 100% of the Premium that an actively-at-work Subscriber must contribute.

Terminating Events for Continuation Coverage under State Law

Continuation coverage under the Policy will end on the earliest of the following dates:

- 3 months from the date your continuation began.
- The date coverage ends for failure to make timely payment of the Premium.
- The date coverage ends because you violated a material condition of the Policy.
- The date coverage is or could be obtained under any other group health plan.
- The date the entire Policy ends.

Qualifying Events for Continuation Coverage under State Law for Covered Persons Aged 60 and Older

To be eligible, the Covered Person must:

- Elect COBRA and exhaust benefits under COBRA.
- Have been covered under the Policy for at least six months prior to the date COBRA began.
- Be a Subscriber or a surviving spouse or divorced spouse of a Subscriber, 60 years of age or older on the date COBRA begins due to loss of employment, death or divorce, and including any dependent children whose coverage would otherwise terminate under the same circumstances.

Coverage must have ended due to one of the following qualifying events:

- Termination of the Subscriber from employment with the Group was for any reason other than voluntary (does not apply to health reasons) or cause.
- The Subscriber did not pay any required contributions.
- **Note:** Continuation is not available when the Policy was terminated in its entirety or the class to which the Subscriber belonged was terminated. In such cases, conversion rights apply.

Payment of Premium for Covered Persons Aged 60 and Older

- Premiums for coverage are limited to not more than 120% of the Premium that an actively-at-work Covered person must pay. The first Premium must be paid on the first regular due date, following the expiration of continuation coverage under COBRA.

Terminating Events for Continuation Coverage under State Law for Covered Persons Aged 60 and Older

Continuation coverage under the Policy will end on the earliest of the following dates:

- The date coverage ends for failure to make timely payment of the Premium, subject to any applicable grace period described in the Policy.
- The date coverage is or could be obtained under any other group health plan.
- The date the Policy ends and a different group plan is not made available to Subscribers and Covered Persons
- The date the Covered Person becomes eligible for Medicare.

Conversion

If your coverage terminates for one of the reasons described below, and you continue to reside within the Service Area, you may apply for conversion coverage without furnishing evidence of insurability.

Reasons for termination:

- The Subscriber is retired or pensioned.
- You cease to be eligible as a Subscriber or Enrolled Dependent.
- Continuation coverage ends.
- The entire Policy ends and is not replaced.
- Application and payment of the initial Premium must be made within 31 days after your coverage ends under the Policy. Conversion coverage will be issued in accordance with the terms and conditions in effect at the time of application. Conversion coverage may be substantially different from coverage provided under the Policy.

A converted policy will not be issued or renewed if any of the following apply to the person:

- The person is covered for similar benefits by another hospital, surgical, medical, or major medical expense insurance policy or hospital or medical service subscriber contract or medical practice or other prepayment plan, or by any other plan or program.
- The person is eligible for similar benefits, whether or not actually provided coverage, under any arrangement of coverage for individuals in a group, whether on an insured or uninsured basis.
- Similar benefits are provided for or are available to the person under any state or federal law (guaranteed issue coverage is available pursuant to the federal Patient Protection and Affordable Care Act); and, these benefits, together with the benefits provided by the converted policy, would result in overinsurance.

Please call Customer Care at the number listed on your ID Card if you have any questions.

Section 5: How to File a Claim

How Are Covered Health Care Services from Network Providers Paid?

We pay Network providers directly for your Covered Health Care Services. If a Network provider bills you for any Covered Health Care Service, contact us. However, you are required to meet any applicable deductible and to pay any required Co-payments and Co-insurance to a Network provider.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within 180 days of the date of service, Benefits for that health care service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- Proof of payment.
- The date of service for the Injury or Sickness.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

Optum RX

PO Box 29077

Hot Springs, AR 71903

If We Require Additional Information

If we require additional information, we will acknowledge its receipt with a letter or notice and will describe additional information that we believe is necessary in order to make a determination of the claim.

After we receive all the additional information that we require for final proof of the loss, we will notify you of the acceptance or rejection of your claim. If the claim is rejected, the notice will state the reason(s) the claim was rejected.

We will pay interest at the rate of 12% per annum if we fail to pay your claim within the time frames listed below following receipt of all the necessary information:

- Electronic claims within 15 working days
- Paper claims within 30 calendar days

Please note: the time frames listed above also apply to claims that do not require additional information.

Payment of Benefits

You may not assign your Benefits under the Policy or any cause of action related to your Benefits under the Policy to an out-of-Network provider without our consent. When an assignment is not obtained, we will send the reimbursement directly to the Subscriber for reimbursement to an out-of-Network provider. We may, as we determine, pay an out-of-Network provider directly for services rendered to you. In the case of any such assignment of Benefits or payment to an out-of-Network provider, we have the right to offset Benefits to be paid to the provider by any amounts that the provider owes us.

When you assign your Benefits under the Policy to an out-of-Network provider with our consent, and the out-of-Network provider submits a claim for payment, you and the out-of-Network provider represent and warrant the following:

- The Covered Health Care Services were actually provided.
- The Covered Health Care Services were medically appropriate.

Payment of Benefits under the Policy shall be in cash or cash equivalents, or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans' recovery rights for value.

Post-service Claims

Post-service claims are claims filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact us in writing to request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.

Your first appeal request must be submitted to us within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

Appeal Process - Level One

A qualified individual who was not involved in the decision being appealed will be chosen to decide the appeal. That individual will resolve your appeal within 30 working days. If your appeal cannot be resolved within 30 working days, the individual will notify you before the 30th day about the reason(s) for the delay and will issue a written decision within 15 additional working days.

If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with expertise in the field, who was not involved in the prior determination. We may consult with, or ask medical experts to take part in the appeal process. You consent to this referral and the sharing of needed medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information related to your claim for Benefits. If any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and in advance of the due date of the response to the adverse benefit determination.

Grievance - Level Two

If you cannot appear in person, we will arrange for you to communicate with the committee by a conference call or by completing a grievance form, supplied by the health plan.

We will appoint a committee, composed of representatives who were not involved in the previous determination. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits.

The committee will resolve your appeal within 30 working days of receiving your request. We will send you written notification of the decision within 5 working days of the review. If you are still not satisfied, you have the right to take your appeal to the Georgia Department of Insurance.

Please note that you may contact the Georgia Department of Insurance at any time. If you file a complaint, they will provide a copy to us. We will respond within 10 working days to the department that sent us your complaint.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures related to urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as defined above, the first level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. This request must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as defined above, the first level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. This request must be submitted to us within 60 days from receipt of the first level appeal decision. The second level appeal will take place and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure.

You may have the right to external review through an *Independent Review Organization (IRO)* upon the

completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in our decision letter to you.

Urgent Appeals that Require Immediate Action

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Federal External Review Program

You may be entitled to request an external review of our determination after exhausting your internal appeals if either of the following apply:

- You are not satisfied with the determination made by us.
- We fail to respond to your appeal within the timeframe required by the applicable regulations.

If one of the above conditions is met, you may request an external review of adverse benefit determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address listed in the determination letter. You or your representative may request an expedited external review, in urgent situations as defined below, by contacting us at the telephone number on your ID card or by sending a written request to the address listed in the determination letter. A request must be made within four months after the date you received our final appeal decision.

An external review request should include all of the following:

- A specific request for an external review.
- Your name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an *Independent Review Organization (IRO)*. We have entered into agreements with three or more *IROs* that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review includes all of the following:

- A preliminary review by us of the request.
- A referral of the request by us to the *IRO*.
- A decision by the *IRO*.

After receipt of the request, we will complete a preliminary review within the applicable timeframe, to determine whether the individual for whom the request was submitted meets all of the following:

- Is or was covered under the Policy at the time the health care service or procedure that is at issue in the request was provided.
- Has exhausted the applicable internal appeals process.
- Has provided all the information and forms required so that we may process the request.

After we complete this review, we will issue a notification in writing to you. If the request is eligible for external review, we will assign an *IRO* to conduct such review. We will assign requests by either rotating the assignment of claims among the *IROs* or by using a random selection process.

The *IRO* will notify you in writing of the request's eligibility and acceptance for external review and if necessary, for any additional information needed to conduct the external review. You will generally have to submit the additional information in writing to the *IRO* within ten business days after the date you receive the *IRO's* request for the additional information. The *IRO* is not required to, but may, accept and consider additional information submitted by you after ten business days.

We will provide to the assigned *IRO* the documents and information considered in making our determination. The documents include:

- All relevant medical records.
- All other documents relied upon by us.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request. We will include it with the documents forwarded to the *IRO*.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by us. The *IRO* will provide written notice of its determination (the "*Final External Review Decision*") within 45 days after it receives the request for the external review (unless they request additional time and you agree). The *IRO* will deliver the notice of *Final External Review Decision* to you and us, and it will include the clinical basis for the determination.

If we receive a *Final External Review Decision* reversing our determination, we will provide coverage or payment for the Benefit claim at issue according to the terms and conditions of the Policy, and any applicable law regarding plan remedies. If the *Final External Review Decision* agrees with our determination, we will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The main difference between the two is that the time periods for completing certain portions of the review process are much shorter for the expedited external review, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review, separately or at the same time you have filed a request for an expedited internal appeal, if you receive either of the following:

- An adverse benefit determination of a claim or appeal that involves a medical condition for which the time frame for completion of an expedited internal appeal would either jeopardize:
 - The life or health of the individual.
 - The individual's ability to regain maximum function.

In addition, you must have filed a request for an expedited internal appeal.

- A final appeal decision, that either:
 - Involves a medical condition where the timeframe for completion of a standard external review would either jeopardize the life or health of the individual or jeopardize the individual's ability to regain maximum function.
 - Concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency care services, but has not been discharged from a facility.

Immediately upon receipt of the request, we will determine whether the individual meets both of the following:

- Is or was covered under the Policy at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that we may process the request.

After we complete the review, we will send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, we will assign an *IRO* in the same manner we utilize to assign standard external reviews to *IROs*. We will provide all required documents and information we used in making the adverse benefit determination or final adverse benefit determination to the assigned *IRO* electronically or by telephone or facsimile or any other available method in a timely manner. The *IRO*, to the extent the information or documents are available and the *IRO* considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by us. The *IRO* will provide notice of the final external review decision for an expedited external review as quickly as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the *IRO* receives the request. If the *IRO's* final external review decision is first communicated verbally, the *IRO* will follow-up with a written confirmation of the decision within 48 hours of that verbal communication.

You may call us at the telephone number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating benefits.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

- A. **Plan.** A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. **Order of Benefit Determination Rules.** The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.
- D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, co-insurance and co-payments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable

Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.
- E. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
 - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse.
 - c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
 - d) (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.

(ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

How Are Benefits Paid When This Plan is Secondary to Medicare?

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits.

Section 8: General Legal Provisions

What Is Your Relationship with Us?

It is important for you to understand our role with respect to the Group's Policy and how it may affect you. We help finance or administer the Group's Policy in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Group's Policy will cover or pay for the health care that you may receive. The Policy pays for Covered Health Care Services, which are more fully described in this *Certificate*.
- The Policy may not pay for all treatments you or your Physician may believe are needed. If the Policy does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

What Is Our Relationship with Providers and Groups?

We have agreements in place that govern the relationship between us, our Groups and Network providers, some of which are affiliated providers. Network providers enter into agreements with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Group's Policy. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Group's Policy.

The Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of when the Policy ends.

When the Group purchases the Policy to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor*.

What Is Your Relationship with Providers and Groups?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.
- Paying, directly to your provider, any amount identified as a member responsibility, including Co-payments, Co-insurance, any deductible and any amount that exceeds the Allowed Amount.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.

- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice

When we provide written notice regarding administration of the Policy to an authorized representative of the Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Group is responsible for giving notice to you.

Statements by Group or Subscriber

All statements made by the Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. We will not use any statement made by the Group to void the Policy after it has been in force for two years unless it is a fraudulent statement.

Do We Pay Incentives to Providers?

We pay Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also call us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Are Incentives Available to You?

Sometimes we may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs and/or programs to seek care in a more cost effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. Contact us at www.myuhc.com or the telephone number on your ID card if you have any questions.

Do We Receive Rebates and Other Payments?

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Co-insurance.

Who Interprets Benefits and Other Provisions under the Policy?

We have the final authority to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may assign this authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Who Provides Administrative Services?

We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy

To the extent permitted by law, we have the right, as we determine and without your approval, to change, interpret, withdraw or add Benefits or end the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments and Riders to the Policy are effective upon the Group's next anniversary date, except as otherwise permitted by law.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

How Do We Use Information and Records?

We may use your individually identifiable health information as follows:

- To administer the Policy and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of the Policy.
- Needed for medical review or quality assessment.

- Required by law or regulation.

During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

Do We Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

Is Workers' Compensation Affected?

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Reimbursement

We have the right to reimbursement. References to "you" or "your" in this *Reimbursement* section shall include you, your Estate and your heirs and beneficiaries unless otherwise stated.

The right to reimbursement means that if it is alleged that any third party caused or is responsible for a Sickness or Injury for which you receive a settlement, judgment, or other recovery from any third party, you must use those proceeds to fully return to us 100% of any Benefits you receive for that Sickness or Injury. The right of reimbursement shall apply to any benefits received at any time until the rights are extinguished, resolved or waived in writing.

Reimbursement Example:

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Policy as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the Policy 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.
- Your employer in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide benefits or payments to you, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with us in protecting our legal and equitable rights to reimbursement in a timely manner, including, but not limited to:
 - Notifying us, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
 - Providing any relevant information requested by us.
 - Signing and/or delivering such documents as we or our agents reasonably request to secure the reimbursement claim.
 - Responding to requests for information about any accident or injuries.
 - Making court appearances.
 - Obtaining our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
 - Complying with the terms of this section.

Your failure to cooperate with us is considered a breach of contract. As such, we have the right to terminate or deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to you or your representative not cooperating with us. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.

- We have a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts or liens asserted by any medical providers, including but not limited to hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- Our reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your Estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. We are not required to help you to pursue your claim for damages or personal injuries and no amount of associated costs, including attorneys' fees, shall be deducted from our recovery without our express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right.
- Regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which we may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit our reimbursement rights.
- Benefits paid by us may also be considered to be Benefits advanced.
- If you receive any payment from any party as a result of Sickness or Injury, and we allege some or all of those funds are due and owed to us, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits under the Policy, you agree that (i) any amounts recovered by you from any third party shall constitute Policy assets (to the extent of the amount of Benefits provided on behalf of the Covered Person), (ii) you and your representative shall be fiduciaries of the Policy (within the meaning of ERISA) with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by us to enforce its reimbursement rights.
- Our right to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from us, you agree to assign to us any benefits, claims or rights of recovery you have under any automobile policy - including no-fault benefits, PIP benefits and/or medical payment benefits - other coverage or against any third party, to the full extent of the Benefits we have paid

for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting benefits, you acknowledge and recognize our right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.

- We may, at our option, take necessary and appropriate action to preserve our rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing an ERISA reimbursement lawsuit to recover the full amount of medical benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your Estate's name, which does not obligate us in any way to pay you part of any recovery we might obtain. Any ERISA reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the Policy is governed by a six-year statute of limitations.
- You may not accept any settlement that does not fully reimburse us, without our written approval.
- We have the final authority to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death our right of reimbursement shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse us is not extinguished by a release of claims or settlement agreement of any kind.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse us for 100% of our interest unless we provides written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this reimbursement clause shall apply to that claim.
- If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under the Policy, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the Policy pertaining to reimbursement, we may terminate Benefits to you, your dependents or the subscriber, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to your failure to abide by the terms of the Policy. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.
- We and all Administrators administering the terms and conditions of the Policy's reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of our final authority to (1) construe and enforce the terms of the Policy's reimbursement rights and (2) make determinations with respect to the reimbursements owed to us.
- We agree that our right of recovery shall be limited only to the recovery of Benefits paid for covered medical services under the Policy and shall not include non-medical items. Money received for future medical care or pain and suffering may not be recovered.

When Do We Receive Refunds of Overpayments?

If we pay Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, you agree to help us get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, we may recover the overpayment

by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the Policy. If the refund is due from a person or organization other than you, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the Policy; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which we make payments, pursuant to a transaction in which our overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Is There a Limitation of Action?

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

- Referral and orientation to specialized community resources.

A Residential Treatment facility that qualifies as a Hospital is considered a Hospital.

Rider - any attached written description of additional Covered Health Care Services not described in this *Certificate*. Covered Health Care Services provided by a Rider may be subject to payment of additional Premiums. (Note that Benefits for Outpatient Prescription Drugs, Pediatric Vision Care Services and Pediatric Dental Services, while presented in Rider format, are not subject to payment of additional Premiums and are included in the overall Premium for Benefits under the Policy.) Riders are effective only when signed by us and are subject to all conditions, limitations and exclusions of the Policy except for those that are specifically amended in the Rider.

Semi-private Room - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Care Service, the difference in cost between a Semi-private Room and a private room is a Benefit only when a private room is Medically Necessary, or when a Semi-private Room is not available.

Shared Savings Program - a program in which we may obtain a discount to an out-of-Network provider's billed charges. This discount is usually based on a schedule previously agreed to by the out-of-Network provider. When this happens, you may experience lower out-of-pocket amounts. Co-insurance and any applicable deductible would still apply to the reduced charge. Policy provisions or administrative practices supersede the scheduled rate, and a different rate is determined by us. In this case, the out-of-Network provider may bill you for the difference between the billed amount and the rate determined by us. If this happens, you should call the telephone number shown on your ID card. Shared Savings Program providers are not Network providers and are not credentialed by us.

Sickness - physical illness, disease or Pregnancy. The term Sickness as used in this *Certificate* includes Mental Illness or substance-related and addictive disorders, regardless of the cause or origin of the Mental Illness or substance-related and addictive disorder.

Skilled Care - skilled nursing, skilled teaching, skilled habilitation and skilled rehabilitation services when all of the following are true:

- Must be delivered or supervised by licensed technical or professional medical personnel in order to obtain the specified medical outcome, and provide for the safety of the patient.
- Ordered by a Physician.
- Not delivered for the purpose of helping with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- Requires clinical training in order to be delivered safely and effectively.
- Not Custodial Care, which can safely and effectively be performed by trained non-medical personnel.

Skilled Nursing Facility - a Hospital or nursing facility that is licensed and operated as required by law.

Specialist - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

Subscriber - an Eligible Person who is properly enrolled under the Policy. The Subscriber is the person (who is not a Dependent) on whose behalf the Policy is issued to the Group.

Substance-Related and Addictive Disorders Services - Covered Health Care Services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association*. The fact that a disorder is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Care Service.

Total Disability or Totally Disabled - a Subscriber's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's inability to perform the normal activities of a person of like age and sex.

Transitional Living - Mental Health Care Services and Substance-Related and Addictive Disorders Services

provided through facilities, group homes and supervised apartments which provide 24-hour supervision and are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. They provide stable and safe housing, an alcohol/drug-free environment and support for recovery. They may be used as an addition to ambulatory treatment when it doesn't offer the intensity and structure needed to help you with recovery.
- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments. They provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. They may be used as an addition to treatment when it doesn't offer the intensity and structure needed to help you with recovery.

Unproven Service(s) - services, including medications, that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health care services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, as we determine, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Urgent Care Center - a facility that provides Covered Health Care Services that are required to prevent serious deterioration of your health. These services are required as a result of an unforeseen Sickness, Injury, or the onset of sudden or severe symptoms.

Schedule of Benefits

How Do You Access Benefits?

You can choose to receive Network Benefits or Out-of-Network Benefits.

Network Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider. You are not required to select a Primary Care Physician in order to obtain Network Benefits.

Emergency Health Care Services and Emergency ambulance transportation provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. **As a result, you will be responsible for the difference between the amount billed by the out-of-Network provider and the amount we determine to be the Allowed Amount for reimbursement. The payments you make to out-of-Network providers for charges above the Allowed Amount do not apply towards any applicable Out-of-Pocket Limit.**

Covered Health Care Services that are provided at a Network facility by an out-of-Network facility based Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. **As a result, you will be responsible for the difference between the amount billed by the out-of-Network facility based Physician and the amount we determine to be the Allowed Amount for reimbursement. The payments you make to out-of-Network facility based Physicians for charges above the Allowed Amount do not apply towards any applicable Out-of-Pocket Limit.**

Out-of-Network Benefits apply to Covered Health Care Services that are provided by an out-of-Network Physician or other out-of-Network provider, or Covered Health Care Services that are provided at an out-of-Network facility.

Depending on the geographic area and the service you receive, you may have access through our Shared Savings Program to out-of-Network providers who have agreed to discount their billed charges for Covered Health Care Services. Refer to the definition of Shared Savings Program in *Section 9: Defined Terms* of the *Certificate* for details about how the Shared Savings Program applies.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Insurance Company of the River Valley Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Group, this *Schedule of Benefits* will control.

Does Prior Authorization Apply?

We require prior authorization for certain Covered Health Care Services. In general, Network providers are responsible for obtaining prior authorization before they provide these services to you. There are some Network Benefits, however, for which you are responsible for obtaining prior authorization. Services for which you are required to obtain prior authorization are shown in the *Schedule of Benefits* table within each Covered Health Care Service category.

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the

Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card.

When you choose to receive certain Covered Health Care Services from out-of-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when an out-of-Network provider intends to admit you to a Network facility or to an out-of-Network facility or refers you to other Network or out-of-Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

To obtain prior authorization, call the telephone number on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

Please note that prior authorization timelines apply. Refer to the applicable Benefit description in the *Schedule of Benefits* table to find out how far in advance you must obtain prior authorization.

For Covered Health Care Services that do not require you to obtain prior authorization, when you choose to receive services from out-of-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Care Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Care Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Care Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those received, our final coverage determination will be changed to account for those differences, and we will only pay Benefits based on the services delivered to you.

If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Care Service, you will be responsible for paying all charges and no Benefits will be paid.

Care Management

When you seek prior authorization as required, we will work with you to put in place the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to obtain authorization before receiving Covered Health Care Services.

to the out-of-Network provider, any difference between the amount the provider bills you and the amount we will pay for Allowed Amounts. Allowed Amounts are determined solely in accordance with our reimbursement policy guidelines, as described in the *Certificate*.

For Network Benefits, Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.
- When Covered Health Care Services are received from an out-of-Network provider as arranged by us, Allowed Amounts are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable Co-insurance, Co-payment or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

For Out-of-Network Benefits, Allowed Amounts are based on either of the following:

- When Covered Health Care Services are received from an out-of-Network provider, Allowed Amounts are determined, based on:
 - Negotiated rates agreed to by the out-of-Network provider and either us or one of our vendors, affiliates or subcontractors.
 - If rates have not been negotiated, then one of the following amounts:
 - ◆ Allowed Amounts are determined based on 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market, with the exception of the following:
 - o 50% of *CMS* for the same or similar laboratory service.
 - o 45% of *CMS* for the same or similar durable medical equipment, or *CMS* competitive bid rates.
 - ◆ When a rate is not published by *CMS* for the service, we use an available gap methodology to determine a rate for the service as follows:
 - o For services other than Pharmaceutical Products, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale(s) currently in use become no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.
 - o For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.
 - o When a rate for a laboratory service is not published by *CMS* for the service and gap methodology does not apply to the service, the rate is based on the average amount negotiated with similar Network providers for the same or similar service.
 - o When a rate for all other services is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.
 - ◆ For Mental Health Care and Substance-Related and Addictive Disorders Services the Allowed Amount will be reduced by 25% for Covered Health Care Services provided by a psychologist and by 35% for Covered Health Care Services provided by a masters level counselor.

We update the *CMS* published rate data on a regular basis when updated data from *CMS* becomes available. These updates are typically put in place within 30 to 90 days after *CMS* updates its data.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

For Covered Health Care Services received at a Network facility on a non-Emergency basis from an out-of-Network facility based Physician, the Allowed Amount is based on 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for the same or similar service within the geographic market with the exception of the following:

- 50% of *CMS* for the same or similar laboratory service.
- 45% of *CMS* for the same or similar durable medical equipment, or *CMS* competitive bid rates.

When a rate is not published by *CMS* for the service, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.

When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.

For Mental Health Care and Substance-Related and Addictive Disorders Services the Allowed Amount will be reduced by 25% for Covered Health Care Services provided by a psychologist and by 35% for Covered Health Care Services provided by a masters level counselor.

IMPORTANT NOTICE: Out-of-Network facility based Physicians may bill you for any difference between the Physician's billed charges and the Allowed Amount described here.

For Emergency Health Care Services provided by an out-of-Network provider, the Allowed Amount is a rate agreed upon by the out-of-Network provider or determined based upon the higher of:

- The median amount negotiated with Network providers for the same service.
- 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for the same or similar service within the geographic market.
- The amount that would be paid under Medicare (*part A or part B of title XVIII of the Social Security Act, 42 U.S.C. 1395 et seq.*) for the same service.

When a rate is not published by *CMS* for the service, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale currently in use becomes no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.

For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.

When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Allowed Amount is based on 20% of the provider's billed charge.

For Emergency ambulance transportation provided by an out-of-Network provider, the Allowed Amount is a rate agreed upon by the out-of-Network provider or determined based upon 365% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for the same or similar service.

IMPORTANT NOTICE: Out-of-Network providers may bill you for any difference between the provider's billed charges and the Allowed Amount described here.

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.

Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at www.myuhc.com or the telephone number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

Designated Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, we may reimburse certain travel expenses.

In both cases, Network Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Network Benefits will not be paid. Out-of-Network Benefits may be available if the special needs services you receive are Covered Health Care Services for which Benefits are provided under the Policy.

Health Care Services from Out-of-Network Providers Paid as Network Benefits

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider.

Network and Out-of-Network Benefits

Network Benefits - these Benefits apply when you choose to obtain Covered Dental Services from a Network Dental Provider. You generally are required to pay less to the provider than you would pay for services from an out-of-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will you be required to pay a Network Dental Provider an amount for a Covered Dental Service that is greater than the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, you must obtain all Covered Dental Services directly from or through a Network Dental Provider.

You must always check the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. You can check the participation status by contacting us and/or the provider. We can provide help in referring you to Network Dental Provider.

We will make available to you a *Directory of Network Dental Providers*. You can also call us at the number stated on your identification (ID) card to determine which providers participate in the Network.

Out-of-Network Benefits - these Benefits apply when you decide to obtain Covered Dental Services from out-of-Network Dental Providers. You generally are required to pay more to the provider than for Network Benefits. Out-of-Network Benefits are determined based on the Usual and Customary fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by an out-of-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary fee. You may be required to pay an out-of-Network Dental Provider an amount for a Covered Dental Service that is greater than the Usual and Customary fee. When you obtain Covered Dental Services from out-of-Network Dental Providers, you must file a claim with us to be reimbursed for Allowed Dental Amounts.

What Are Covered Dental Services?

You are eligible for Benefits for Covered Dental Services listed in this Rider if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this Rider.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be given a benefit based on the less costly procedure.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for orthodontic services. Speak to your Dental Provider about obtaining a pre-authorization before Dental Services are provided. If you do not obtain a pre-authorization, we have a right to deny your claim for failure to comply with this requirement.

Section 2: Benefits for Pediatric Dental Services

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be given a Benefit based on the least costly procedure.
- D. Not excluded as described in *Section 3: Pediatric Dental Exclusions* of this Rider.

Network Benefits:

Benefits for Allowed Dental Amounts are determined as a percentage of the negotiated contract fee between us and the provider rather than a percentage of the provider's billed charge. Our negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge you or us for any service or supply that is not Necessary as determined by us. If you agree to receive a service or supply that is not Necessary the Network provider may charge you. However, these charges will not be considered Covered Dental Services and Benefits will not be payable.

Out-of-Network Benefits:

Benefits for Allowed Dental Amounts from out-of-Network providers are determined as a percentage of the Usual and Customary fees. You must pay the amount by which the out-of-Network provider's billed charge exceeds the Allowed Dental Amount.

Annual Deductible

Benefits for pediatric Dental Services provided under this Rider are subject to the Annual Deductible stated in the *Schedule of Benefits*.

Section 4: Claims for Pediatric Dental Services

When receiving Dental Services from an out-of-Network provider, you will be required to pay all billed charges directly to your Dental Provider. You may then seek reimbursement from us. Information about claim timelines and responsibilities in the *Certificate* in *Section 5: How to File a Claim* applies to Covered Dental Services provided under this Rider, except that when you submit your claim, you must provide us with all of the information shown below.

Reimbursement for Dental Services

You are responsible for sending a request for reimbursement to our office, on a form provided by or satisfactory to us.

- A diagnosis from the Dental Provider including a complete dental chart showing extractions, fillings or other dental services provided before the charge was incurred for the claim.

Section 5: Defined Terms for Pediatric Dental Services

The following definitions are in addition to those listed in *Section 9: Defined Terms* of the *Certificate*:

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Services, incurred while the Policy is in effect, are determined as stated below:

- For Network Benefits, when Covered Dental Services are received from Network Dental Providers, Allowed Dental Amounts are our contracted fee(s) for Covered Dental Services with that provider.
- For Out-of-Network Benefits, when Covered Dental Services are received from Out-of-Network Dental Providers, Allowed Dental Amounts are the Usual and Customary fees, as defined below.

Covered Dental Service - a Dental Service or Dental Procedure for which Benefits are provided under this Rider.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to provide Dental Services, perform dental surgery or provide anesthetics for dental surgery.

Dental Service or Dental Procedures - dental care or treatment provided by a Dental Provider to a Covered

Person while the Policy is in effect, provided such care or treatment is recognized by us as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Necessary - Dental Services and supplies under this Rider which are determined by us through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Covered Person.
- Provided in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by us.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - ◆ For treating a life threatening dental disease or condition.
 - ◆ Provided in a clinically controlled research setting.
 - ◆ Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Service as defined in this Rider. The definition of Necessary used in this Rider relates only to Benefits under this Rider and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Usual and Customary - Usual and Customary fees are calculated by us based on available data resources of competitive fees in that geographic area.

Usual and Customary fees must not exceed the fees that the provider would charge any similarly situated payor for the same services.

Usual and Customary fees are determined solely in accordance with our reimbursement policy guidelines. Our reimbursement policy guidelines are developed by us, in our discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology* (publication of the *American Dental Association*.)
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical or dental staff and outside medical or dental consultants.
- Pursuant to other appropriate source or determination that we accept.

You may also access a listing of Spectera Eyecare Networks Vision Care Providers on the Internet at www.myuhcvision.com.

When you obtain Vision Care Services from an out-of-Network Vision Care Provider, you will be required to pay all billed charges at the time of service. Reimbursement will be limited to the amounts stated below.

When obtaining these Vision Care Services from a Spectera Eyecare Networks Vision Care Provider, you will be required to pay any Co-payments at the time of service.

Network Benefits:

Out-of-Network Benefits:

Benefits for Vision Care Services from out-of-Network providers are determined as a percentage of the provider's billed charge.

Out-of-Pocket Limit - any amount you pay in Co-insurance for Vision Care Services under this Rider applies to the Out-of-Pocket Limit stated in the *Schedule of Benefits*. Any amount you pay in Co-payments for Vision Care Services under this Rider applies to the Out-of-Pocket Limit stated in the *Schedule of Benefits*.

Introduction

Coverage Policies and Guidelines

Our Prescription Drug List (PDL) Management Committee makes tier placement changes on our behalf. The PDL Management Committee places FDA-approved Prescription Drug Product into tiers by considering a number of factors including clinical and economic factors. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat, or according to whether it was prescribed by a Specialist.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen quarterly, but no more than six times per calendar year. These changes may happen without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: The tier placement of a Prescription Drug Product may change, from time to time, based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please contact us at www.myuhc.com or the telephone number on your ID card for the most up-to-date tier placement.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the *Certificate* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance, Ancillary Charge, and any deductible that applies.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you choose not to obtain your Prescription Drug Product from the Designated Pharmacy, you may opt-out of the Designated Pharmacy program by contacting us at www.myuhc.com or the telephone number on your ID card. If you want to opt-out of the program and fill your Prescription Drug Product at a non-Designated Pharmacy but do not inform us, you will be responsible for the entire cost of the Prescription Drug Product and no Benefits will be paid.

If you are directed to a Designated Pharmacy and you have informed us of your decision not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the out-of-Network Benefit for that Prescription Drug Product. For a Specialty Prescription Drug Product, if you choose to obtain your Specialty Prescription Drug Product at a Non-Preferred Specialty Network Pharmacy, you will be subject to the Non-Preferred Specialty Network Co-payment and/or Co-insurance.

Smart Fill Program - Split Fill

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Co-payment or Co-insurance. You will receive a 15-day supply of their Specialty Prescription Drug Product to find out if you will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact you each time prior to dispensing the 15-day supply to confirm if you are tolerating the Specialty Prescription Drug Product. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program*, by contacting us at www.myuhc.com or the telephone number on your ID card.

Smart Fill Program - 90-Day Supply

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 90-day supplies. The Co-payment and/or Co-insurance will reflect the number of days dispensed. The *Smart Fill Program* offers a 90-day supply of certain Specialty Prescription Drug Products if you are stabilized on a Specialty Prescription Drug Product included in the *Smart Fill Program*. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program*, by contacting us at www.myuhc.com or the telephone number on your ID card.

When Do We Limit Selection of Pharmacies?

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, we may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date we notify you, we will choose a Network Pharmacy for you.

Rebates and Other Payments

We may receive rebates for certain drugs included on the Prescription Drug List, including those drugs that you purchase prior to meeting any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed on to you, they may be taken into account in determining your Co-payment and/or Co-insurance.

We, and a number of our affiliated entities, conduct business with pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Rider*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Rider*. We are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Special Programs

We may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting us at www.myuhc.com or the telephone number on your ID card.

Maintenance Medication Program

If you require certain Maintenance Medications, we may direct you to a mail order Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from a mail order Network Pharmacy, you may opt-out of the Maintenance Medication Program by contacting us at www.myuhc.com or the telephone number on your ID card. If you choose to opt out when directed to a mail order Network Pharmacy but do not inform us, you will be subject to the out-of-Network Benefit for that Prescription Drug Product after the allowed number of fills at Retail Network Pharmacy.

Prescription Drug Products Prescribed by a Specialist

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit by contacting us at www.myuhc.com or the telephone number on your ID card.

Outpatient Prescription Drug

UnitedHealthcare Insurance Company of the River Valley

Schedule of Benefits

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at either a Network Pharmacy or an out-of-Network Pharmacy and are subject to Co-payments and/or Co-insurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service or is prescribed to prevent conception.

Benefits for Oral Chemotherapeutic Agents

Oral chemotherapeutic agent Prescription Drug Products will be provided at a level no less favorable than chemotherapeutic agents are provided under *Pharmaceutical Products - Outpatient* in your Certificate of Coverage, regardless of tier placement.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore your Co-payment and/or Co-insurance may change and an Ancillary Charge may apply, or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed. Supply limits are subject, from time to time, to our review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting us at www.myuhc.com or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, your Physician, your pharmacist or you are required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from us.

Out-of-Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at an out-of-Network Pharmacy, you or your Physician are responsible for obtaining prior authorization from us as required.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject, from time to time, to our review and change. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting us at www.myuhc.com or the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. Our contracted pharmacy reimbursement rates (our Prescription Drug Charge) will not be available to you at an out-of-Network Pharmacy. You may seek reimbursement from us as described in the *Certificate of Coverage (Certificate)* in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Out-of-Network Reimbursement Rate (for Prescription Drug Products from an out-of-Network Pharmacy), less the required Co-payment and/or Co-insurance, Ancillary Charge and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting us at www.myuhc.com or the telephone number on your ID card.

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Rider are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting us at www.myuhc.com or the telephone number on your ID card.

What Do You Pay?

You are responsible for paying the applicable Co-payment and/or Co-insurance described in the Benefit Information table, in addition to any Ancillary Charge. You are not responsible for paying a Co-payment and/or Co-insurance for PPACA Zero Cost Share Preventive Care Medications.

An Ancillary Charge may apply when a covered Prescription Drug Product is dispensed at your or the provider's request and there is another drug that is Chemically Equivalent. An Ancillary Charge does not apply to any Out-of-Pocket Limit.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Limit stated in your *Certificate*:

- Ancillary Charges.
- Certain coupons or offers from pharmaceutical manufacturers or an affiliate. You may access information on which coupons or offers are not permitted by contacting us at www.myuhc.com or the telephone number on your ID card.
- The difference between the Out-of-Network Reimbursement Rate and an out-of-Network Pharmacy's Usual and Customary Charge for a Prescription Drug Product.

- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product. Our contracted rates (our Prescription Drug Charge) will not be available to you.

Important Notices under the Patient Protection and Affordable Care Act (PPACA)

Changes in Federal Law that Impact Benefits

There are changes in Federal law which may impact coverage and Benefits stated in the *Certificate of Coverage (Certificate)* and *Schedule of Benefits*. A summary of those changes and the dates the changes are effective appear below. These changes will apply to any "non-grandfathered" plan. Contact your Plan Administrator to determine whether or not your plan is a "grandfathered" or a "non-grandfathered plan". Under the *Patient Protection and Affordable Care Act (PPACA)* a plan generally is "grandfathered" if it was in effect on March 23, 2010 and there are no substantial changes in the benefit design as described in the *Interim Final Rule on Grandfathered Health Plans* at that time.

Patient Protection and Affordable Care Act (PPACA)

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:

Ambulatory patient services; emergency services, hospitalization; laboratory services; maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

- On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.
- Essential benefits for plan years beginning prior to January 1, 2014 can only be subject to restricted annual limits. Restricted annual limits for each person covered under the plan may be no less than the following:
 - For plan or policy years beginning on or after September 23, 2010 but before September 23, 2011, \$750,000.
 - For plan or policy years beginning on or after September 23, 2011 but before September 23, 2012, \$1,250,000.
 - For plan or policy years beginning on or after September 23, 2012 but before January 1, 2014, \$2,000,000.

Please note that for plan years beginning on or after January 1, 2014, essential health benefits cannot be subject to annual or lifetime dollar limits.

- Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. If you have a grandfathered plan, the enrolling group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by law).

On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26. During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.

- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:

Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the policy is subject to the statute known as *Michelle's Law*. This law amends *ERISA*, the *Public Health Service Act*, and the *Internal Revenue Code* and requires group health plans,

which provide coverage for dependent children who are post-secondary school students, to continue such coverage if the student loses the required student status because he or she must take a medically necessary leave of absence from studies due to a serious illness or injury.

- If you do not have a grandfathered plan, in-Network benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, coinsurance or copayment. If you have pharmacy benefit coverage, your plan may also be required to cover preventive care medications that are obtained at a network pharmacy at 100%, and not subject to any deductible, coinsurance or copayment, as required by applicable law under any of the following:
 - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
 - Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.
 - With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
 - With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.
- Retroactive rescission of coverage under the policy is permitted, with 30 days advance written notice, only in the following two circumstances:
 - The individual performs an act, practice or omission that constitutes fraud.
 - The individual makes an intentional misrepresentation of a material fact.
- Other changes provided for under the *PPACA* do not impact your plan because your plan already contains these benefits. These include:
 - Direct access to OB/GYN care without a referral or authorization requirement.
 - The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
 - Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out-of-network providers in the emergency department of a hospital your cost sharing obligations (copayments/coinsurance) will be the same as would be applied to care received from in-network providers.

Effective for policies that are new or renewing on or after January 1, 2014, the requirements listed below apply:

If your plan includes coverage for Clinical Trials, the following applies:

The clinical trial benefit has been modified to distinguish between clinical trials for cancer and other life threatening conditions and those for non-life threatening conditions. For trials for cancer/other life threatening conditions, routine patient costs now include those for covered individuals participating in a preventive clinical trial and Phase IV trials. This modification is optional for certain grandfathered health plans. Refer to your plan documents to determine if this modification has been made to your plan.

Pre-Existing Conditions:

Any pre-existing condition exclusions (including denial of benefit or coverage) will not apply to covered persons regardless of age.

If your plan includes coverage for Mental Health or Substance Use, the following applies:

Mental Health/Substance Use Disorder Parity

Effective for Policies that are new or renewing on or after January 1, 2014, Benefits are subject to final regulations supporting the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA). Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. MHPAEA requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Some Important Information about Appeal and External Review Rights under PPACA

If you are enrolled in a non-grandfathered plan with an effective date or plan year anniversary on or after September 23, 2010, the *Patient Protection and Affordable Care Act of 2010 (PPACA)*, as amended, sets forth new and additional internal appeal and external review rights beyond those that some plans may have previously offered. Also, certain grandfathered plans are complying with the additional internal appeal and external review rights provisions on a voluntary basis. Please refer to your benefit plan documents, including amendments and notices, or speak with your employer or UnitedHealthcare for more information on the appeal rights available to you. (Also, please refer to the *Claims and Appeal Notice* section of this document.)

What if I receive a denial, and need help understanding it? Please call UnitedHealthcare at the number listed on your health plan ID card.

What if I don't agree with the denial? You have a right to appeal any decision to not pay for an item or service.

How do I file an appeal? The initial denial letter or *Explanation of Benefits* that you receive from UnitedHealthcare will give you the information and the timeframe to file an appeal.

What if my situation is urgent? If your situation is urgent, your review will be conducted as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call UnitedHealthcare at the number listed on your health plan ID card.

Generally, an urgent situation is when your health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your appeal.

Who may file an appeal? Any member or someone that member names to act as an authorized representative may file an appeal. For help call UnitedHealthcare at the number listed on your health plan ID card.

Can I provide additional information about my claim? Yes, you may give us additional information supporting your claim. Send the information to the address provided in the initial denial letter or *Explanation of Benefits*.

Can I request copies of information relating to my claim? Yes. There is no cost to you for these copies. Send your request to the address provided in the initial denial letter or *Explanation of Benefits*.

What happens if I don't agree with the outcome of my appeal? If you appeal, we will review our decision. We will also send you our written decision within the time allowed. If you do not agree with the decision, you may be able to request an external review of your claim by an independent third party. If so, they will review the denial and issue a final decision.

If I need additional help, what should I do? For questions on your appeal rights, you may call UnitedHealthcare at the number listed on your health plan ID card for assistance. You may also contact the support groups listed below.

Are verbal translation services available to me during an appeal? Yes. Contact UnitedHealthcare at the number listed on your health plan ID card. Ask for verbal translation services for your questions.

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments, Coinsurance and any deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement in accordance with the applicable claim filing procedures. If you pay a Copayment and believe that the amount of the Copayment was incorrect, you also may submit a claim for reimbursement in accordance with the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, we will send you written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits in accordance with the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.

Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after we receive all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it

within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- Our receipt of the requested information; or
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Questions or Concerns about Benefit Determinations

If you have a question or concern about a benefit determination, you may informally contact our *Customer Care* department before requesting a formal appeal. If the *Customer Care* representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a *Customer Care* representative. If you first informally contact our *Customer Care* department and later wish to request a formal appeal in writing, you should again contact *Customer Care* and request an appeal. If you request a formal appeal, a *Customer Care* representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to *Urgent Appeals that Require Immediate Action* below and contact our *Customer Care* department immediately.

How to Appeal a Claim Decision

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.

Your request should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information through the submission of your appeal. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures associated with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of our decision is between you and your Physician.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.

What Are Your Rights

The following are your rights with respect to your health information:

- **You have the right to ask to restrict** uses or disclosures of your information for treatment, payment, or health care operations. You also have the right to ask to restrict disclosures to family members or to others who are involved in your health care or payment for your health care. We may also have policies on dependent access that authorize your dependents to request certain restrictions. **Please note that while we will try to honor your request and will permit requests consistent with our policies, we are not required to agree to any restriction.**
- **You have the right to ask to receive confidential communications** of information in a different manner or at a different place (for example, by sending information to a P.O. Box instead of your home address). We will accommodate reasonable requests where a disclosure of all or part of your health information otherwise could endanger you. In certain circumstances, we will accept your verbal request to receive confidential communications, however; we may also require you confirm your request in writing. In addition, any requests to modify or cancel a previous confidential communication request must be made in writing. Mail your request to the address listed below.
- **You have the right to see and obtain a copy** of certain health information we maintain about you such as claims and case or medical management records. If we maintain your health information electronically, you will have the right to request that we send a copy of your health information in an electronic format to you. You can also request that we provide a copy of your information to a third party that you identify. In some cases, you may receive a summary of this health information. You must make a written request to inspect and copy your health information or have your information sent to a third party. Mail your request to the address listed below. In certain limited circumstances, we may deny your request to inspect and copy your health information. If we deny your request, you may have the right to have the denial reviewed. We may charge a reasonable fee for any copies.

Statement of Employee Retirement Income Security Act of 1974 (ERISA) Rights

As a participant in the plan, you are entitled to certain rights and protections under the *Employee Retirement Income Security Act of 1974 (ERISA)*.

Receive Information about Your Plan and Benefits

You are entitled to examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the *U.S. Department of Labor* and available at the *Public Disclosure Room* of the *Employee Benefits Security Administration*.

You are entitled to obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated *Summary Plan Description*. The Plan Administrator may make a reasonable charge for the copies.

Continue Group Health Plan Coverage

You are entitled to continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. The Plan Sponsor is responsible for providing you notice of your *Consolidated Omnibus Budget Reconciliation Act (COBRA)* continuation rights. Review the *Summary Plan Description* and the documents governing the plan on the rules governing your *COBRA* continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, *ERISA* imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under *ERISA*.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under *ERISA*, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to \$110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for Benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the *U.S. Department of Labor*, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under *ERISA*, or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the *Employee Benefits Security Administration, U.S. Department of Labor* listed in your telephone directory or the *Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor*, 200 Constitution Avenue, N.W., Washington,

D.C. 20210. You may also obtain certain publications about your rights and responsibilities under *ERISA* by calling the publication hotline of the *Employee Benefits Security Administration*.
